# GERMANS ONLY 15 MILES FROM PARIS

## Wilson Asks Congress For \$100,000,000 Revenue

### KAISER'S ARMY IN STRIKING DISTANCE OF FRENCH CAPITAL

Allies Hold Only Third Line of Defenses—Battle May Be Fought at the Very Gates of City

PARIS, Sept. 4.—A scant fifteen miles separated the nearest German forces from the outer Paris forts to night. The news of the occupation of Compiègne and Laferre have been received. This leaves only Laon and Rheims between the German invaders and the fortifications of Paris. The Germans are said to be resting.

"The allies now hold the third line of defense," was the only official announcement today.

PARIS, Sept. 4.—With the Germans within striking distance of Paris and the outer forts, Paris is nervous and excited today. It is expected that the Kaiser will endeavor to force the allies to give battle at the gates of the city. Failing in this, it is assumed that they will force the British and French southward, leaving a besieging army with huge Krupp guns to bombard the city. It is thought that the Germans are planning to repeat the Namur program. General Gallien has announced that every approach to the city is well fortified. The exodus from the city continues.

Socialist leaders have issued a manifesto calling on all Paris Socialists to aid in defending the city. They themselves have volunteered.

Frightful Loss Admitted

Frightful French losses on Thursday's fighting, culminating in the

### AUSTRIANS IN CONTINUOUS RETREAT

Abandon Enormous Quantities of Supplies—Russians to March on Vienna

PETROGRAD (St. Petersburg) Sept. 4.—The war office announced "Our victories over the Austrians continue, though their resistance is greater than earlier after Lemberg was occupied. Zerkow, sixteen miles south, has been invested."

"The Austrian retreat continued, the Russian cavalry cutting the rear guard to pieces."

Later announcement added that the Russians were moving on toward Hungary and expected to attack Borgo Pass in the Carpathian mountains. The Russians also occupied Czerowitz and Bukovina.

It is thought that the Austrians will not make a serious stand as they are almost exhausted. They have abandoned enormous supplies of provisions, ammunition and guns. The belief is that the Czar can bottle them up, having such an enormous advantage in numbers, and then march on to Vienna.

It is admitted that Russia will remain on the defensive in Russian Poland until more troops arrive. The Russians are claimed to be rapidly resuming activity in East Prussia, although the German artillery is far superior.

Russians to Aid Servians

ROME, Sept. 4.—It was reported today that the Russians will soon join the Servians in a southern campaign against Austria. Russian arms and ammunition have already been received in Servia.

Claim Some Success

VIENNA (via The Hague), Sept. 4.—The war office claimed that the Austrians are meeting with unbroken success at Lublin, in Russian Poland, but admitted that the situation about Lemberg is desperate.

Sam Stein's Stationery Store starts Saturday, Sept. 5th.

THESE ARE THE WIDOWS AND ORPHANS UPON WHOM FALLS THE BURDEN OF WAR

French Peasant Working With Wheelbarrow Like an American Laborer.

German Peasant Driving Ox Cart in the Fields.

French Peasant Working in the Fields Like an American Farmhand.

These are the greatest sufferers from the war in Europe. While their fathers, husbands and brothers

are off fighting or drilling to fight they must do all the hard labor in the farming districts. The burden

of producing sufficient to maintain the armies of Germany will fall on the women left behind, and the

French women must raise the farm produce to feed their relatives trying to shoot Germans.

## HALF MILLION RUSSIANS SAID TO BE IN ENGLAND TO FIGHT KAISER

LONDON, Sept. 4.—Half a million Russians are rumored today to be in England ready for landing in the rear of Germany's forces in France. The Czar's troops are said to be mostly Cossacks, who will be ferried across the channel to Ostend to cut off the Kaiser's communications through Belgium. The reports are unverified, but the fact that all foreigners have been ordered to leave Ostend lent color to the report.

A monster meeting was held in Guild hall to encourage enlistments. Premier Asquith referred to Germany as a "Barbarian nation." He said: "The murder of non-combatants in Belgium emphasized the enemy's blood-lust. I would sooner see Great Britain blotted from history than to have seen her a silent witness to the tragic triumph of force over law and freedom."

"Germany's ultimate aim is to crush the independence of Belgium, Holland and Switzerland. England's duty is to crush this aggression."

A. Bonar Law, leader of the conservatives and Premier Asquith's chief political opponent, endorsed the latter. He said: "Germany has drawn the sword. We hope the accursed spirit for which the Kaiser stands will per-

ish forever." The meeting was vociferously enthusiastic.

The British army of 500,000 asked for by Lord Kitchener will be completed in ten days, it was officially stated. According to a Rouen Dispatch to the Chronicle, the French are considering the surrender of Paris without a struggle as a means of saving it from destruction. The dispatch is not credited.

### WAR BRIEFS

Might Ask Japanese Aid

LONDON, Sept. 4.—Should Turkey take a hand in the European war on the Teutonic side it was suggested today that Great Britain might ask Japan to send ships to protect British interests in the Persian gulf. The suggestion was wholly without official authority.

Belgians Starve in Holland

THE HAGUE, Sept. 4.—Thousands of Belgians are starving in Holland. The Dutch government is powerless to feed them all. The death rate, especially among children, is frightful. Refugee camps have been established, but are wholly inadequate. A thousand destitute people are arriving daily. Queen Wilhelmina has made a large personal contribution.

Germans Will Tax Cities Taken

BERLIN (via Amsterdam) Sept. 4.—The government has announced that "naturally captured cities must pay a war tax. The amounts announced by the enemy are incorrect. The figures will be fixed by the German governors of the captured territory."

German Torpedo Boats Damaged

LONDON, Sept. 4.—Word that six German torpedo boats destroyed had reached Kiel in a badly damaged condition, reached the war office today. It is believed that they suffered in the recent naval fight off Heligoland.

British Torpedo Boat Sunk

LONDON, Sept. 4.—It was admitted today that the British torpedo boat Speedy had been sunk in the North Sea by a mine. It was blown up while rescuing the crew of a trawler. Five persons perished.

Japanese Destroyer Lost

TOKIO, Sept. 4.—It has been officially announced that the Japanese destroyer Suiro, which was stranded at the entrance of Kiao Chau Bay, will be lost. The crew has escaped.

### WEATHER FORECAST

Fair tonight and Saturday; light west winds.

### POPE BENEDICT'S CORONATION ON SUNDAY, SEPTEMBER SIX

BY HENRY WOOD

ROME, Sept. 4.—Rome is making the acquaintance of Pope Benedict XV, whose coronation will occur on Sunday, September 6. Pope Benedict is well known in the clerical world of Rome and Bologna, though the laity of the capital is familiar with his name to no such extent as that of Cardinals.

Merry Del Val, Della Volpe or Vannutelli.

Deeply religious, the new pope is the most unostentatious of men. He daily walked to 5 o'clock mass, often being taken for a poor priest and offered alms. His Bologna parishioners gave him an automobile, which he accepted only because it could facilitate his missions of charity.

### NEW HAVEN HEADS TO SIGN DECREE OF DISSOLUTION

WASHINGTON, Sept. 4.—After a day of conference between Attorney-General Gregory and attorneys of the New Haven railroad, details of the agreed decree for the peaceful dissolution of that system virtually were determined upon and officials are confident it will be signed today and submitted to the United States District Court in New York within a few days.

### TURKEY NEUTRAL IS DECLARATION—ITALY IS ALSO OUT

WASHINGTON, Sept. 4.—A cablegram to the Turkish embassy said that Turkey has declared war on nobody, but will insist that her neutrality be strictly observed.

Italy Keeps Out

ROME, Sept. 4.—Italy is determined to maintain the strictest neutrality," premier Salandra announced today. "This position is endorsed by the Italians generally."

### THE TRUTH BADLY WANTED

Liquor advertisements in the Pacific Coast states point out the fact that shipments of liquor, 90 per cent of which was beer, amounting to 90,062 quarts were received in Topeka, Kansas, during the month of September, 1913.

Elementary fairness would lead these people to state the truth that if Topekans consumed an amount of liquor equal to the per capita average for the country as a whole, these shipments would have amounted to more than 400,000 quarts.

Prohibition decreased the consumption of liquor in Topeka, Kansas, in September, 1913, 75 per cent by actual government records.

### WASHINGTON, D.C. FAVORED FOR G.A.R. MEET

171,335 Veterans Listed on G. A. R. Rolls—Women's Relief Corps Elects Officers

DETROIT, Sept. 4.—With the spectacular features of the forty-eighth national encampment of the Grand Army of the Republic practically concluded, the selection of a city for next year's rallying ground attracted the veteran's attention yesterday. Much sentiment was manifest in favor of Washington, D. C.

Today's program was almost entirely given up to the annual address of Commander-in-Chief Gardner and routine business. The Women's Relief Corps elected officers, choosing Mrs. Sarah E. Fulton of Rochester, N. Y., president.

The report of Oscar A. Janes of Detroit, adjutant general, showed that on January 1, 1913, there were 180,213 members in good standing in the organization and on January 1, 1914, there were 171,335.

Mrs. Bessie A. Bowser of Indianapolis was elected president of the Daughters of Veterans' Auxiliary. The United States Veterans Signal Association has elected George Carr Romel, Manassas, Va., president.

### U. S. LAKE STEAMER IS BARRED FROM SOO

MACKINAC ISLAND, Mich., Sept. 4.—The Canadian officials yesterday refused to allow the lake steamer North American to pass through the Soo Canal except on condition that the officials be permitted to search every passenger. The captain of the vessel declined the stipulation. The North American is taking the members of the "Nois Bankers' Association on a four days' lake trip.

### WILSON MADE APPEAL TO CONGRESS

Personally Addressed Joint Session on Revenue Tax Legislation

SEES 60 TO 100 MILLION DEFICIT FOR FISCAL YEAR

Loss Caused by Europe's War; Urges Internal Taxes to Raise \$100,000,000

WASHINGTON, Sept. 4.—President Wilson personally addressed a joint session of Congress at 12:30 o'clock today and pleaded for the enactment of legislation to make up the loss of revenue caused by the European war. He said in part:

"During August there has been a decrease of \$10,629,538 in customs duties. This will be a loss of \$60,000,000 to \$100,000,000 for the fiscal year, due not to reduction of tariff duties, but to the war in Europe."

"In order to meet every demand upon the treasury without delay, I respectfully urge that an additional revenue of \$100,000,000 be raised through internal taxes devised in your wisdom to meet the emergency."

"It would be most dangerous in the present circumstances to create a moment's doubt of the strength and sufficiency of the treasury of the United States to assist, steady and sustain the financial operations of the country's business. If the treasury is known, or even thought to be weak, where would be our peace of mind? While the industrial activity of the country would be chilled and demoralized."

"Just now difficult financial problems are being successfully dealt with, with self-possession and sound judgment but they are only in the process of being worked out."

"The treasury itself could get along for a considerable period without immediate resort to new resources of taxation. But at what a cost to the business community."

"The country is able to pay any just, reasonable taxes without distress. And to every other form of borrowing, whether for long periods or short, there is the same ETAOINN or short, there is some objection. The people of this country are both intelligent and profoundly patriotic. They are ready to meet the present conditions in the right way, and to support the government by generous self-denial."

### THE CITY POLICE OPIUM SMUGGLERS ELUDE OFFICERS

If a telegram received by the City Marshal's office last night is true there passed through this city or its environs an automobile load of opium smugglers at about 4 o'clock this morning. Following is a copy of the telegram:

"Three o'clock a. m. Stop three men in Ford racer. Think they have 200 cans of opium. Will go through Santa Ana about 5 o'clock a. m., September 4."

The telegram was received after midnight. Immediately after its receipt local officers kept a sharp lookout for the racing car. However, nothing was seen of the supposed smuggling outfit. City Marshal Jernigan thinks that the party made a wide detour of this city.

Burglars?

A telephone call came in to police headquarters from the rooms above the Princess Theater at about 12:20 o'clock this morning to the effect that someone was trying to effect an entrance into one of the rooms. Officer Ryan went to the location but found no one.

Military display at Gilbert's early Fall showing. You can always find something different at Gilbert's. If you are hard to please, come here, and we can suit you. Take elevator to second floor.

Santa Ana Painless Dentists, 182½ East Fourth St. Main 253.

## STANFORD'S ATHLETIC FIELDS ARE MUCH IMPROVED

STANFORD UNIVERSITY, Sept. 3.—Stanford will be better equipped this semester with athletic facilities than ever before. The local fields have long been recognized as among the foremost in the country, and with the improvements made during the summer recess by Sam Macdonald, the ground tender, Stanford should have unexcelled athletic facilities.

The greatest improvement is the turning of the outfield of the baseball diamond. When the diamond was constructed two years ago it was originally planned to turf the field, but this part of the work has never been done until now. During the intercollegiate series last year the fielders were considerably hampered by poor ground in the outfield, and the completion on the turning will add materially to the speed of the diamond.

The track has come in for its share of improvements also. At present it is being played up and re-surfaced, while the inside turf track, intended primarily for early training, is completed. The addition of a turf oval is an innovation in these parts. The idea is used to good advantage in the East, experience showing that fewer early breakdowns occur to athletes when they train on turf than on a hard cinder surface.

The other improvements to the fields are the re-building of three tennis courts and the improvement of the football turf and the auxiliary soccer field. The auxiliary field is in excellent condition now and will be suitable for hard practice and competition.

Dr. Pearl B. Magill, Osteopath, rooms 1 and 2, Rowley building, 956 W.

## Condition of County Roads

Just at present there are only four strips of impassable road in Orange county, according to information given out by the County Highway Commission today. Last week there were five stretches of impassable roads, but the announcement that the Newport road is now passable though still under contract brings the number down to four. It is now possible for motorists to go to Newport and Balboa by way of South Main street. Going west on the Newport road there is encountered only a short strip of road where ma-

chines will have to travel alongside of paving work.

The Los Alamitos road is impassable. This road runs south from Los Alamitos and joins with the Bay City road.

A stretch of about one mile connecting Westminster with the Huntington Beach-Bolsa road is also impassable.

The other two impassable stretches of road are the one in Santa Ana canyon near Gypsum creek and the one from Irvine to the El Toro cut-off.

## Sporting Briefs of the Week

[By Hal Sheridan]

NEW YORK, Sept. 3.—With the season but a little more than a month to run Connie Mack's wonderful ball club—the Athletics—seem to have the American League pennant lashed to their mast. Only the greatest kind of a miracle could prevent the Mackian phalanx from annexing another flag. The Athletics are so far ahead of their nearest rivals that the fans around the circuit have lost interest. They are spending their time now figuring what will oppose Mack's bunch in the big series this fall.

George Stallings' Braves of Boston seem to be an almost unanimous choice for the honor of meeting the Athletics. The wonderful work of the Beantown club since July has impressed all the critics around both major loops and many are doping them to beat the Athletics if it falls to them to defend the National League in the big set-to.

In view of this it might not be amiss to scan the personnel of this Boston Gang and see just exactly who's who. Of course, the main cog in the Boston machine is Johnny Evers, former Cub and rated as the premier second sacker in the game. Stallings gives Evers credit for the great playing his

club has been putting up. He declares that Evers has directed the work on the field like a Napoleon and that his courage has inspired every other member of the team.

Evers' runningmate in guarding the keystone sack is Maranville, the smallest ball player in captivity. He is even more of a midget than Owain Bush, the diminutive Tiger star. With Evers coaching him along, Maranville's work this season has been a revelation. Possessing almost perfect mechanical ability, Maranville is fast developing into a brainy player as well and when he picks up a few more finer points of the national pastime he will be the leading artist in the line. Evers waxes mightily enthusiastic over this youngster. "He's the greatest mechanical shortstop in the game right now," Evers said recently. "And it won't be long at the rate he is developing until he will be as brainy as any of them. You want to watch his smoke when he reaches the top."

"Red" Smith, erstwhile member of the Brooklyn Club, is guarding the hard corner—third base—for the Braves. This position had worried Stallings all year until he landed Smith. It had been one of the weak points on the team. Smith, filled the hole. Although not a finished fielder he is more than making up for deficiency by the manner in which he is lapping the horsehide. His hitting has played an important part in many of the Brave's victories.

Stallings fooled the wise ones around the Tender circuit by keeping Schmidt on first base. When the season opened and it was seen Stallings was going to depend on Schmidt to hold down first base, the critics began to pan the Boston manager. Schmidt wouldn't do, they said. Schmidt fooled the wise ones and proved the worth of Stallings' judgment. The big fellow has been playing a remarkably good fielding game. He was raw at the start of the season but he improved noticeably every day and it wasn't long until he took on a polish that stamped him as better than the ordinary. And he has been hitting at a good clip right along, being one of the most consistent clubbers on the team.

Gowdy, an ex-Giant, is doing the bulk of the catching for the Braves. Whaling is his first assistant. With the loss of Bill Rariden, who jumped to the Feds, it was predicted that the Boston catching staff would be weak. On the contrary, it has been proven strong all year. Gowdy has been driving in more than his share of the Braves' runs.

Boston's pitching staff is already pretty well known as the result of its great work since July 1. The staff—that is the active staff—consists of Tyler, a southpaw, and Rudolph and James, right handers. These three have done practically all of the flogging for the Beantown club. Stallings has juggled them along and despite the fact that they are all small men, as pitchers go, they have never shown signs of weakening under the strain. Besides the star trio, Stallings has several classy youngsters who look mighty good. Crutcher and Strand have both taken part in several games

# ANNOUNCEMENT

of the  
1915

# Hupmobile

## Car of the American Family

# \$1295

SANTA ANA PRICE

For the third time the Hupp Motor Car Company has produced a car which, we believe, will prove immeasurably superior to any that assumes to compete with it.

The first Hupmobile 20 made for itself, and held against all rivalry, at home and abroad.

The "32" put the Hupmobile into another class and surpassed the "20" in world-wide popularity.

This new Hupmobile bids fair to eclipse them both, as the very utmost a motorist can desire.

A highly specialized, individualized, Hupmobile motor car which gives you, we believe, more service and comfort for your money than you can find if you comb the market a dozen times over.

## Below We Mention a Few of the Details:

### Every Improvement Important

#### EASE, CONVENIENCE AND ECONOMY OF OPERATION ARE FURTHERED BY:

Left steer with center control  
Larger steering wheel  
Easier steering  
Easier clutch action  
Throttle and carburetor control  
Levers on steering wheel  
Automatic spark advance  
New starter that makes motor non-stallable  
Foot throttle in improved position  
Larger brakes

Swiveled pads on foot pedals  
Lighting and ignition switches at center of cowl board  
Non-skid tires on rear  
More power  
Larger valves  
Heated intake passage  
Improved carburetion  
Improved ignition  
Improved motor lubrication  
One-man type top

### Every Comfort is Afforded

#### THE PASSENGERS ARE AFFORDED GREAT EASE AND COMFORT BY:

A larger body  
Ample room for five passengers  
Deeper seats, with same comfortable Hupmobile tilt  
Larger wheels and tires  
Semi-elliptic rear springs  
Demountable rims  
Foot Rail  
Lighting and ignition switches controlled by Yale locks

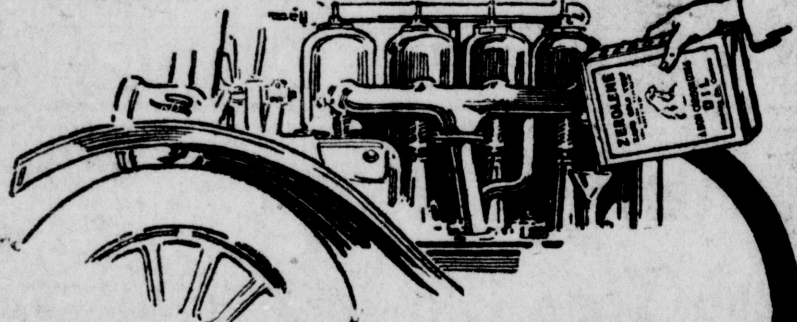

Deeper, softer, full-tufted upholstery  
More leg room in front and in tonneau  
Longer wheelbase  
Wider doors  
Side curtains to swing with doors  
Robe rail  
Cocoa mat in tonneau  
Concealed hinges on doors  
Flush handles

This new Hupmobile simply declines to be classed with anything of like price—in external, in performance, in economy. You can't compare it, because nothing near it in price will bear comparison. If you've had Hupmobile experience, go see the new car, expecting to find all the good points you have known, and a wealth of added value. If you know the Hupmobile only by reputation, you will find that the new car goes far beyond the best you have ever heard of former models. The models "32" Hupmobile Roadster and 4-passenger will be continued in connection with the new larger model announced above. New prices in effect today. Without starter, \$1045. With Westinghouse starter and lights, \$1145. All prices f. o. b. Santa Ana.

## They've Come to Sturdy Cars

Many cars, in the past two years, have lost immensely in their sales and popularity.

In that same time the demand for Reo the Fifth has doubled. It has grown faster than we could build. And now—in mid-summer—we have urgent orders on hand for more than 3000 cars.

We are adding three great factory buildings to the mammoth Reo plant.

The reason is that men are now buying their cars to keep. And they want a well-built car.

They have had their troubles. They have paid high cost of up-

keep. They have seen new cars grow old in a season. Now they want a car built by R. E. Olds in the best way that he knows.

Reo the Fifth is a great piece of engineering. Never was a car built like it.

It is built by a man who for 27 years has been building cars better and better. It is built regardless of cost, to run year after year as well as it runs when new.

And it does. Tens of thousands of men now know it. And the overwhelming demand for Reo the Fifth is due to what owners tell others about it.

### Lower Cost

Reo the Fifth is built in a costly way. If we followed other standards we could build it for \$200 less. But enormous production has brought the cost down. The price, fully equipped, is \$220 less than it used to be.

Now this sturdy car—this car that stays new—is sold for a price which once seemed impossible. And the way it is built will save the average user hundreds of dollars in upkeep.

This car not only leads its class, but it is one of the great cars of the world.

## Reo the Fifth Fall Series \$1175 Equipped

Equipment includes mohair top, side curtains and slip cover, clear vision ventilating windshield, speedometer, electric horn, extra rim, improved tire bracket, complete tool and tire outfit, foot and robe rail, etc.

# WISDOM & CO.

424-426 WEST FOURTH ST.

and look to have the makings of stars.

The outfield is a well balanced department. Devore, former Giant, Cather, former Card; Whitted, Connolly, are most frequently in the lineup. Stallings uses many changes in his outfield, using left-hand batters on the day right-hand pitchers are working against his club and right-hand batters when southpaws are working. That his judgment has been good is shown by the standing of the Braves in the percentage column.

### MANY WAITING FOR NEW HUPMOBILE MODELS

That big improvements are anticipated in the 1915 Hupmobile, is evidenced by the many visitors who call at the Harper Motor Car Company making inquiries as to when the new models will be in.

Ellis Smith has expressed himself as greatly surprised by the enthusiastic outpouring of Hupmobile admirers so early in the season.

There has been very little advance information as to the plans for the 1915 Hupmobile line, and its initial appearance has been anticipated with a great deal of speculation.

From the first appearance of the Hupmobile on the market it has been characterized by certain lines. Year by year the inventive minds of factory draftsmen and engineers have added and adjusted features, which, influenced by a great respect for public demands, has placed their efforts in the forefront of the mechanical world.

The little model "32" Hupmobile, which, in accord with popular request, will be continued as one of the regular models, has literally driven into the spotlight of universal favor.

The addition of the big roomy model "K" to the Hupmobile line is sure to prove a big winner.

This new model "K" Hupmobile, in the first place, adheres to that low underhung appearance that has characterized the Hupmobile. In addition, however, more power and superior equipment has been added, generally improving the character of the design and construction throughout. The same general lines have been followed in the design of the new five-passenger and the three-seater roadster.

Chalmers Service Man Here  
The Chalmers factory service man for this district, Mr. Todd, spent Tuesday here visiting Chalmers owners and the Waffle & West garage, the local agency for this popular line of cars. The monthly inspection of cars by a factory expert is a service that owners find to be very helpful in the care of their machines.

Back from a Hunt  
BOLSA, Sept. 3.—G. A. Walker and F. A. Walker returned last Saturday night from a two weeks' hunting trip up in Kern county. They report a good time with plenty of fishing and hunting.

### ADDITIONAL TUSTIN ITEMS

Mr. and Mrs. W. L. Shatto and Rev. and Mrs. F. L. Richardson came up by auto from Huntington Beach, where they are attending camp meeting, with friends from San Diego, last Tuesday. They brought their friends to see the Tustin district.

Mr. and Mrs. J. W. McKinsie will move to Santa Ana in the near future.

Mrs. Eddy will again occupy her home place at the corner of Third and A streets.

Mrs. W. A. Insley of Huntington Beach and her daughter, Mrs. Ada Moore and three children, spent several days with Mr. and Mrs. George Pollard this week.

Mr. and Mrs. Will Mitchell have just returned from a delightful three-days' trip to Bear Valley.

Mrs. C. F. Bennett, who has been quite ill at her home, is said to be much improved.

Crayton Woodhouse is a guest of Mr. and Mrs. G. W. Pollard and family this week.

T. J. Donham was a visitor to Los Angeles, Wednesday.

Dixon Tubbs left Wednesday for Ames, Iowa, where he will attend the State Agricultural College.

Mrs. A. Thorman returned the early part of the week from a short stay at Long Beach.

Mr. and Mrs. E. M. Nealley have moved into their handsome new home at Glen and Main streets.

Mrs. W. F. Brashear of Downey is visiting the family of her brother, R. J. Wiley, for several days.

Misses Hazel and Lizzie Wiley have just returned from a pleasant visit to their friends, Misses Lucy and Pauline Gracian, at El Toro.

Mr. and Mrs. Charles Smith are enjoying a camping trip on Laguna hills.

Mr. and Mrs. John Kiser spent last Saturday and Sunday with Mr. and Mrs. R. J. Toney in Los Angeles.

Mrs. C. A. Nordstrom and daughters, Thelma and Norma, have just returned from a three-weeks' pleasure trip to Ontario and Long Beach.

Misses Ida Westerman and Alma Neiman, who have been spending part of the summer with Mrs. H. Romer and Mrs. Fred Beckman, left last Friday for their home in Cincinnati.

R. C. Lambert has just recovered from an attack of rheumatism. He was able to enjoy a trip to the beach on Thursday.

### ANOTHER WEEK OF VACATION

On Monday, September 14, the Tustin school opens again in the old building, while in close proximity the new structure will be fast growing up from the foundation.

The old building will in all probability be used during this term, but it is hoped that early in the coming year the new building will be entirely completed and ready for occupancy.

The new principal, C. A. Marcie, will make his home in Tustin, and will probably arrive next week. The teachers will be the same this year as last with the addition of one more teacher, Miss Casner.

### NEW MEAT MARKET FOR EAST FOURTH ST.

Paul Mestel, formerly a partner in the Santa Ana Jersey Farm, has opened a meat market in the room formerly occupied by the Wingood drug store at 310 East Fourth street. He will carry a complete stock of fresh meats and everything that goes to make a first-class market.

**Rheumatism Pains Stopped**  
The first application of Sloan's Liniment goes right to the painful part—it penetrates without rubbing—it stops the Rheumatic Pain around the joints and gives relief and comfort. Don't suffer! Get a bottle today! It is a family medicine for all pains, hurts, bruises, cuts, sore throat, neuritis and chest pains. Prevents infection. Mr. Chas. H. Wentworth, California, writes:—"It did wonders for my rheumatism, pain is gone as soon as I apply it. I recommend it to my friends as the best Liniment I ever used." Guaranteed. 25c at your Druggist.—Advertisement.

# Special Prices on Floor Coverings

We are offering special prices on two lines to accomplish two purposes. One is to make room for a large fall stock now arriving. The other is to close out a line that we do not intend to carry in the future.

We have concluded to discontinue our line of cheap TAPESTRY BRUSSELS RUGS, and to move them out quick we have made prices on them that should at once appeal to every housewife who is in need of such floor coverings.

Tapestry Brussels Rugs only one size, 9x12, regular price \$12.50, special at \$8.75.

## Linoleum

We never had a better line of linoleums than we now have. The stock is replete with bright and popular patterns for bath room, kitchen, etc. We are "cranks" on linoleum and select only the best makes—those that do not stretch. We find that they give better service, which means better satisfaction to customers.

We are quoting this quality of goods at \$1.00, \$1.25, \$1.50 and up to \$1.75 per yard.

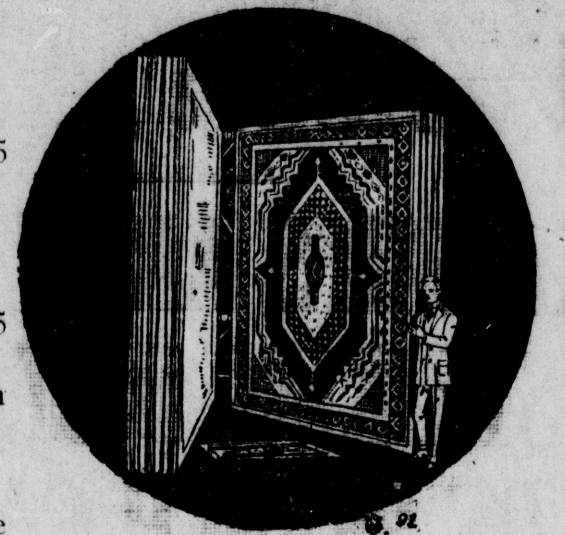

We have printed linoleums as low as 45c per yard to 75c per yard.

## Wool Fibre Rugs

12x15 Wool Fibre Rugs, regular price \$18.50, now ....\$12.75  
10½x12 Wool Fibre Rugs, regular price \$14.00, now ....\$10.75

These rugs come in green and brown with pretty and artistic patterns. The stock is complete, and offers a large variety to select from.

We are gradually changing our rug department to the higher grades, and want to move these out to make room for the new fall stock now arriving. We are equipped to meet the demands of the most exacting, and carry rugs running up to \$65 each.

## Our New Fall Stock Has Commenced to Arrive

We are now receiving our new fall goods. We have selected with great care, and purchased lines for the furnishing of new homes of the best types. First class furniture and fair prices—these are the points we are winning on—they tell the story of our big success.

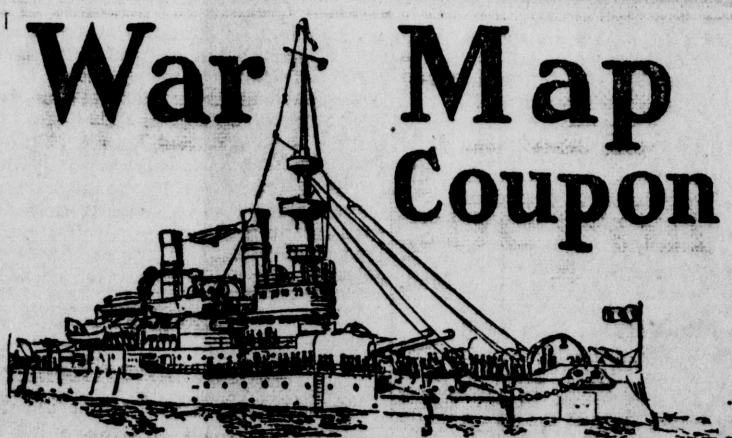

**Horton-Spurgeon Furniture Co.**

## Templeton! Paso Robles! Paso Robles! Templeton!

The location with more scenic beauty and natural advantages than is possessed by any other locality between Los Angeles and San Francisco. The wide range of products grown there is bound to make it a wonderfully rich community.

Immense development work now being done is attracting home seekers from all parts of the country.

Next week I will tell you some of the many advantages and why this locality is a particularly good place for a rancher or fruit grower to locate.

**J. A. Timmons**

2220 North Main.

## DOES NOT LIKE TO DRILL FOR OIL IN AN ORANGE GROVE

There could hardly be a more striking description of the contrast between the east and California, and the incidental disclosure of the abundant wealth and opportunity to create wealth in this state, than that contained in a dispatch printed in the Oil City, Pa., Derrick from its coast correspondent.

It is observed by one operator who evidently had a trying experience in the orange belt field of Fullerton, that he wants no more to do with drilling among the orange orchards. He says: "This thing of having to travel among the orange trees in momentary fear of breaking off a limb or mutilating the tree is a precaution I have never had to contend with before. You have to pretty nearly obligate yourself to insure the rancher a full crop of oranges in addition to his royalties; again a water company which has conducted the San Gabriel river through chutes and irrigation ditches all over the lands has got to be insured that no oil will be allowed to mix in its ditches; a guarantee of safety to people entering the land causes extreme vigilance on the part of the field superintendent, that foot paths and tank ladders be kept in good order, but these things have all got to be subscribed to before getting a lease, one finds all his privileges bound up to a prospective law suit at the least provocation. When we brought in our first flowing well all the pleasure that most men find in such a fortune vanished through the constant fear of the waste oil destroying the orange rancher's crop; when this was partly avoided those water chutes had to be looked after, and from every viewpoint damage suits stared up in the face. Oranges, oil and water do not mix. When I take another lease its going to be out on the water forsaken desert where nothing but sage brush is found, where water has to be carted in for miles and orange orchards never bloom. I turned down a fine lease adjoining us, for I don't want any more drilling in the orange belt.—Oil World, Bakersfield.

# \$15 SUITS

We're holding out some great inducements for the large army of Fifteen Dollar Suit men.

More men buy suits at Fifteen Dollars than at any other price.

This popular figure appears just to fit the purse of nearly half the trade.

For this reason we aim to give our patrons the best suits for Fifteen Dollars the price ever bought.

## We're Doing It, Too:-

Handsome Fall fabrics in new colorings. Quiet or noisy styles. Excellent tailoring by experts. Suits you can not distinguish from their \$18.00 and \$20.00 associates. We think you'll say at once—

"The best Fifteen Dollar Suits I ever saw."

## May We Tailor You?

Making Clothes is a trade.

Good Tailoring is an art.

Our sort of tailoring wins and holds the patronage of the Best Dressers in this locality.

We win by the force of the merit of our work.

Withal our prices are very reasonable.

Suits made to order in the best styles, \$20.00, \$25.00 to \$40.00.

## The Wardrobe

Uttley & Mead.

## WORK IS WELL OVER HALF OF IT FINISHED

Good Roads Commission Report Shows Mileage as it Now Stands

That the Orange County Highway Commission has a good deal more than half of its work done toward completing the project under which \$1,270,000 bonds were voted in this county is shown by Chief Engineer S. H. Finley's report to the County Highway Commission.

There are 107 miles of road provided for in the original good roads plan for which bonds were issued. So far 35.07 miles of road have been completed. Including the roads finished there are 51.20 miles of concrete base laid, and including the roads finished and those upon which concrete base only has been laid 60.33 miles have been put to grade ready for the concrete base. Including all roads finished or under way, 82.36 miles of road have been let to contract.

### AT THE COURTHOUSE

## KENT'S TRIAL SET DEC. 1ST

Garden Grove Rancher's Hearing is Three Months Hence

This morning Judge West set the trial of Frank C. Kent for Dec. 1. Kent is a Garden Grove rancher charged with the murder of I. O. Wilson, a Santa Ana real estate man. The two had a quarrel over irrigation water, and Kent struck Wilson over the head with a rake. Wilson died a month later. The case promises to be one of the most interesting criminal courts of the county have had for many months. The defense alleges that Wilson's death was not due to the blow.

**Final Decree**  
A final decree of divorce was granted today to Leora Harris against Marston H. Harris.

**Cases Set for Trial**  
This morning Judge West set the case of Chas. Herford for trial on November 9. Herford is charged with mistreating a 14-year-old girl near Anaheim.

The trial of Herman Cooper of Tustin was set for Sept. 30. Cooper stabbed Charles Robinson. These two cases have been awaiting the return of Attorney Clyde Bishop from the East. Bishop was in court today.

### MANILA FLOOD TAKES TOLL OF EIGHT LIVES

WASHINGTON, Sept. 4.—Seven Filipinos and one American were drowned in a flood which swept Manila after a rainfall of more than a week, according to a message received from Governor-General Harrison. During the forty-eight hours ending at midnight Tuesday, 16.4 inches of rain fell.

## TOTAL ABSTAINER BEST INSURANCE RISK

Robert Warner, an Englishman, was refused a life insurance policy in England in 1840, because he was a total abstainer from the use of alcoholic beverages. The company did not think a man a good risk unless he used drink. That was more than seventy years ago. How sentiment has changed! Nay, how the facts have been heaped up since then. The actuarial tables show that a man who drinks "moderately" is not as good a risk as the total abstainer. Insurance men say that he is not as good by 25 per cent. That is a very significant fact.

Get ready for the big Labor Day picnic.

Those who will donate the use of their automobiles for the picnic, please report to Mrs. W. B. Tedford, or Mr. C. C. Collins, or Mr. J. A. Cranston.

CALIFORNIA DRY COMMITTEE FOR SANTA ANA.

### AMUSEMENTS

**Clune's Theatre**  
The word quality best expresses one's opinion of Clune's for the last of the week. It is a very well balanced bill indeed.

George and Marie Brown, held over from the first of the week, offer some splendid singing of the classical variety. Their numbers are entirely different from those sung the first of the week, so that they are enjoyed as much as they have been.

The Excellas, Australian racket spinners, appear in a very novel act. Some of their work is unusually clever and this with some good comedy brings many a laugh.

The main picture number is "Shadows of the Past," in three reels. It is a story of political scheming with a charming love story and some thrilling adventure interwoven.

"Mugsy's First Sweetheart," a Biograph picture featuring Mary Pickford, is very pretty and pleasing as are all of the Mary Pickford subjects. "Slippery Jim's Dilemma," an Essanay number is an extremely laughable picture.

The same program will be given to-

night with a change of pictures to-morrow. Next Monday, Tuesday and Wednesday will be shown "Sealed Orders," which has had such a successful run in Los Angeles.

### At the Lyric Theater

Tonight will be the last presentation of that famous two-part photoplay, "When Fate Disposes," featuring Robert Leonard, Edna Maison and Ella Hall, and those who have not had the pleasure of witnessing a photoplay—just a little different from the ordinary drama—should make it a point to be present tonight at the Lyric.

"When Death Rode the Engine," is the title of the "thriller" and it is one that makes you raise out of your seats when the great chase is made between two giant locomotives between the outlaw and the sheriff. This one-reel feature was produced by the Eclair Western Company and if you like genuine excitement it will surely please.

The two comedies which are also with the above program, "are something different" than one would see at other "picture performances" and the large crowd who were present last night were loud in their praise of the excellent photoplays presented.

### Po-Do-Lax Banishes Pimples

Bad Blood, Pimples, Headaches, Biliousness, Torpid Liver, Constipation, etc., come from Indigestion. Take Po-Do-Lax, the pleasant and absolutely sure laxative, and you won't suffer from a deranged stomach or other troubles. It will tone up the liver and purify the blood. Use it regularly and you will stay well, have clear complexion and steady nerves. Get a 50c bottle today. Money back if not satisfied. All Druggists.—Advertisement.

TO SUPPORT JOHNSON

The nomination of John D. Fredericks for governor by the old guard of the Republican party has crystallized the belief that Johnson will be re-elected.

One of the most significant developments of the after-primary days has been the flocking of Republicans to the Johnson standard since the nomination of Fredericks.

Many of the chief supporters of Francis V. Keesling have come out with public statements that they will not support Fredericks, and will work for the re-election of Governor Johnson.

John H. Dumbrell, foreman of the last grand jury in San Francisco, a prominent business man, president of the Young Republican Clubs of San Francisco, and one of Keesling's staunchest supporters said a few days after the primary:

"I am a Republican, have always been a Republican, and will continue to be a Republican. I will not support Captain Fredericks for governor. I shall do all in my power to re-elect Governor Johnson, and I think that the true supporters of Keesling ought to do the same."

William N. McCarthy, former supervisor, a member of Keesling's committee, has made a similar statement. Robert Cords, Jr., who was Keesling's advance campaign manager, opposes Fredericks and declared himself squarely behind Johnson. Many other Keesling supporters have done the same, and scores of Keesling workers are telling their friends that they will not stand for Fredericks.

Rudolph Spreckels, Republican, who has been identified with many large movements for civic progress, has issued a statement, saying:

"The Republican nomination having gone to John D. Fredericks, the candidate of the reactionary leaders of my party, I will give my support to Governor Johnson."

"I fully expect to see the reactionary politicians and the special privilege interests use every known trick and device to mislead and deceive the people in the coming campaign in the hope of electing Fredericks."

"I therefore urge all citizens who desire to protect the common good to be on guard and ready to combat every move that may be made by organized greed to defeat Hiram W. Johnson."

A GOOD ROADS COUNTY

When we observe San Bernardino county still in the throes of getting a bond issue for good roads and realize that Riverside county is only well started upon its good roads project, we take a good deal of comfort over the fact that Orange county is between half and two-thirds done with the improvements planned under its bond issue. Not only has a large share of the 107 miles of good roads provided for in the original plans been built, but there is every indication that there will be \$100,000 left from the bond issue of \$1,270,000. That \$100,000 is to be used in building roads not on the original map.

No part of the county is being neglected in the good roads development. Aside from the roads planned under the bond issue, a mile of road between McPherson and El Modena has been built out of the county road funds, and several miles are to be built in the La Habra Valley through district and county co-operation. The state highway is being built through Orange county. The base has been laid from La Habra to Santa Ana and contracts are being let for 16.4 miles south of Santa Ana, with other sections.

Good Coffee

Johnson Administration Is Up for Vote of Confidence

FROM THE PASADENA STAR.

This is the Progressive situation, in effect, in California—the Johnson administration is before the people for a vote of confidence. The issue the electors must decide is this—has the Johnson administration kept the faith? Has it given the state a genuinely progressive, reformative, useful, beneficial administration? Has it redeemed its pledges and has it served the people acceptably in keeping its promises?

The long array of wholesome legislation and of administrative betterments places the Johnson administration in enviable position before the people and must impress great numbers that Governor Johnson and those who have co-operated with him in legislation and administration, deserve a vote of confidence. The Johnson administration has distinguished itself by keeping its pledges faithfully. It has distinguished itself by the volume of reformative work it has done. It has distinguished itself by making California the leading light among the shining-mark progressive states of the Union.

Naturally, the great work has been too much in detail to accomplish fully in one gubernatorial term. Governor Johnson stands before the public, ready to be commissioned to complete this great work.

His faithfulness and energetic doing during his first term is earnest of what he will do if elected for his second term. This is the issue, then—has Governor Johnson "made good"—does he deserve a vote of confidence? Do the people of California want him to go forward to the consummation of the splendid work he has launched so auspiciously and partially completed so successfully?

plete this great work. His faithfulness and energetic doing during his first term is earnest of what he will do if elected for his second term. This is the issue, then—has Governor Johnson "made good"—does he deserve a vote of confidence? Do the people of California want him to go forward to the consummation of the splendid work he has launched so auspiciously and partially completed so successfully?

BIG PICNIC IS NEXT MONDAY

Committees Have Made Arrangements to Get Out a Big Crowd

It is expected that without doubt there will be more people at the Orange County Park on Labor Day, September 7, than have ever been there at any one time. The respective committees have all arrangements made for everyone to have a good time.

Truck stages will be run from Fullerton, Anaheim, Santa Ana and Orange, leading in business centers at 8 o'clock or earlier as demands of passengers may require. Mr. Clever, Mr. Thompson, Mr. Jackman and Mr. Ainsworth of the respective localities are men in charge. All persons who cannot be accommodated by stage can take train to Orange and ample stage accommodations are prepared between Orange and the County Park with a round trip fare of fifty cents.

Vehicles of all kinds are urged by the County Federation officers to follow the advice of the transportation committee and take what is known as the Villa Park road going to the Park, and take the El Modena hill road returning, which will no doubt save the occurrence of accident.

Following is an outline of the program:

Chairman of the day, Hon C. C. Chapman, Fullerton.  
10:00 a. m. Band Concert, Santa Ana Band.  
10:30 a. m. S. W. O'Dell, president State Dry Federation.  
10:40 a. m. Colored Jubilee Singers, Los Angeles.  
10:50 a. m. Greeting National W. C. T. U., Carrie Lee Carter-Stokes, National Lecturer.  
11:00 a. m. Jubilee Singers.  
11:10 a. m. D. M. Gandier, Superintendent State Anti-Saloon League.  
11:25 a. m. A. J. Wallace, Lieutenant Governor.  
Noon basket lunch.  
12:30 p. m. Band Concert, Santa Ana Band.  
1:30 p. m. Jubilee Singers.  
1:45 p. m. Guy W. Wadsworth, State Superintendent Dry Federation.  
2:00 p. m. Jubilee Singers.  
2:10 p. m. Dr. R. F. Coyle, former Presbyterian pastor Chicago and Denver.  
3:00 p. m. Sports and music.

SUMMONS

In the Superior Court of the County of Orange, State of California.  
Pearl Bernice Ashe, Plaintiff, vs. Wilton L. Ashe, Defendant.

Action brought in the Superior Court of the County of Orange, State of California, and the Complaint filed in the office of the Clerk of said County of Orange, Gerald A. Engle, Attorney for Plaintiff.

The People of the State of California send Greeting to Wilton L. Ashe, Defendant.  
You are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the County of Orange, State of California, within ten days after the service on you of this Summons, if served within this County; or within thirty days if served elsewhere. And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or she will apply to the Court for any other relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the County of Orange, State of California, this 30th day of July, A. D. 1914.  
(Seal) W. B. WILLIAMS, Clerk.

# Doings In Social and Club Circles

## SUCCESSFUL CONVENTION

### Inspiring Meeting—Many Social Courtesies Were Shown to Visiting Delegates

The young people's convention at the United Presbyterian church closed last evening. In the words of one of the speakers of the evening, the convention, though not as well attended as some previous conventions, was a decided success.

There were about forty-five delegates in attendance, and the addresses of the different speakers were well worth hearing.

The music was an inspiring feature of the program. The Junior Bible reading contest was very interesting. A beautiful Bible was awarded to the successful contestant, Miss Guiles, of Pasadena. The contest was very close, the winner gaining the prize by only one-half point.

The convention honored the Santa Ana society by electing one of its members as president, Mr. Carson Smart.

The delegates were taken for an auto ride by way of Orange to Hewes Park, Lemon Heights and Sunset Drive, and greatly enjoyed the scenic views. Other social features were a luncheon and a dinner served at the church to the delegates on Thursday.

The next convention, to be held in Los Angeles, will be in the form of a rally for the National Y. P. C. U. convention which meets there in July, 1915.

### Pleasant Mission Meeting

The ladies of the German Evangelical church held an interesting meeting of the Missionary Society at the home of Mrs. John Thee on French street yesterday afternoon.

A splendid missionary program and testimony meeting, led by the president, Mrs. Thee, was enjoyed. The presence at this meeting of the former pastor, Rev. George Husser, and his wife, now located at Anaheim, was greatly appreciated. The ladies were also much pleased to have with them the present pastor and wife, Rev. and Mrs. Schauer.

This society is collecting a fund for the establishment of a new mission church somewhere in the vicinity, and any aid in this benevolent project will be much appreciated by the ladies. Following the business matters that received attention, an enjoyable social hour was spent. Plates were laid for more than forty guests when refreshments were served.

### Jolly "Weenie" Bake

A number of boys and girls of the neighborhood on Greenleaf and West Seventeenth streets had a jolly little "weenie" bake gathering on Wednesday evening at the home of Mr. and Mrs. W. R. Phelps, 1801 Greenleaf street. Joe and Kathleen Phelps, with their companions built a big bonfire in the beginning of the evening and by its dancing flames they played merry out-of-door games and roasted the appetizing weenies which with hot rolls were eaten with the greatest of zest.

Those who joined in the merry-making were Misses Alice Strong, Carrie Wood, Frances Shepherd, Verna and Inez Petz, Kathleen Phelps; Masters Horace Strong, Charles Wood, Brewster Stevens, Charles Petz, Norman Greenwald, Joe Phelps. Mr. and Mrs. Phelps assisted the children in having a good time.

## NEARS CENTURY MARK

### Noah Palmer Celebrates His 96th Birthday Quietly But Happily

Leaving but six years between him and the century mark, Mr. Noah Palmer, 636 North Broadway, yesterday celebrated his ninety-sixth birthday. In reasonably good health, and in the bosom of his family circle, Mr. Palmer spent a pleasant birthday, the most conspicuous feature of the event being the prettily served family dinner given in his honor. It is a wonderful thing to have lived almost a century in this wonderful age, and the vitality of one who has achieved so long a span of life is worthy of admiration.

Some beautiful bouquets of flowers, tokens of affection, were sent during the day by friends to Mr. Palmer, and the fragrant carnations and ferns that adorned the dinner table were also a gift from a friend. An imposing birthday cake, big enough indeed to accommodate ninety-six candles, was the piece de resistance of the final dinner course. At the table were Mr. Palmer, Mr. and Mrs. George J. Mosbaugh, Miss Lottie Palmer, Mr. and Mrs. H. P. Thelan and son, Ray, and Harry Mosbaugh. Mrs. Mosbaugh and Miss Palmer are daughters of the pioneer honoree, and for many years they, with the others, have joined in observing the birthday of Mr. Palmer. Mr. Palmer has lived in Santa Ana for forty years and has been identified with its financial institutions most of that time. Indeed, the history of banking in Santa Ana is practically interlinked with his own history here.

During yesterday a picture was taken of Mr. Palmer, his daughter, Mrs. Mosbaugh; her son, Mr. Thelan; and Ray Thelan, the great grandchild of Mr. Palmer, four generations thus being represented.

### Conservatory 1914-1915 Plans

The "Progressive Series" piano course will be the principal subject for discussion by Mr. Gustlin at the Conservatory tomorrow afternoon at 3 o'clock.

This remarkable system is being adopted by the largest schools and best teachers of music everywhere. It is edited by men like Leopold Godowsky and Emil Sauer, which fact well attests its merit.

Its great advantages will be presented tomorrow to all who may be interested in the most up-to-date methods. Mr. Gustlin will also mention other new features for next season's work and extends a cordial invitation to the public to be present.

### W. C. T. U. Year's Work to Open

The Santa Ana W. C. T. U. will resume regular meetings on Tuesday, September 8, at 2:30 o'clock in Birch Park. Judge W. H. Thomas will address the meeting and the Young Campaigners will have a part in the program. Mothers are asked to send their children to Birch Park at 2:30. The committee in charge of this meeting is composed of Mrs. C. D. Shields, Mrs. W. E. Ward, Mrs. George Post, Mrs. Ludwig, Mrs. M. V. Lyon and Mrs. E. E. Wilde.

The members are asked to make an effort to be present that the Union may get in line for more efficient work to help make California dry. The public is cordially invited also to be present.

### Cradle Roll Party

A very successful Cradle Roll party for the small children of the First Christian church was presided over yesterday afternoon by Mrs. Paul E. Wright, superintendent of that work. Mrs. W. B. Williams aiding her.

There were fifty little tots present at the church, flowers adorning the pretty interior of the building. Twenty-five mothers assisted Mrs. Wright and Mrs. Williams in looking after the pleasure and comfort of the little ones. Childish games were played and a menu of ice cream, cake and small crackers was provided. A picture of the children was taken during the afternoon. A musical program with a reading or two was given for the enjoyment of the company.

### Returns From Vacation

Alan A. Revill, organist of the First Congregational Church, arrived last night from Santa Barbara, where he has spent a delightful three weeks with friends.

Mr. Revill particularly enjoys his annual vacation in Santa Barbara as his five years' residence there gave him a large circle of friends and acquaintances. He is much rested by the vacation and will resume his music classes and organ work at once.

### Bridge-Luncheon

Mrs. Jack Porter entertained yesterday at her Bay Island cottage Newport Beach, with a luncheon and bridge. Covers were laid for Mrs. Fred Case and Mrs. Frank Case of Santa Ana; Mesdames R. S. Burnham, W. H. Burnham, Jr., Ethel Love, Wilson, and Miss Mary Burnham.

# Personals

T. W. Johnston, 121 West Eighth street, left today for Fairbury, Neb., for an absence of three or four weeks. Mr. Johnston travels by the Santa Fe and its connections.

Mrs. R. E. Williams, son and daughter, have returned from Newport Beach, where they have been enjoying an outing. They will go down to the seashore again on Saturday.

Mr. and Mrs. Ted Shaw were recent visitors to Los Angeles, spending two days there.

Mrs. Laura James and son left for San Francisco today for a two weeks' sojourn in the Bay City. They were booked by the Salt Lake road.

Miss Nora Thompson, a trimmer of many years' experience, has taken charge of the trimming department of Miss Ruth Taylor's establishment.

Dr. and Mrs. I. D. Mills have removed to Orange for residence.

Fred A. Poole and family have removed to Pasadena, and the Register is to be sent to the new address.

Mrs. O. M. Newman is expected home soon from Denver, where she has been visiting for several months.

Mr. and Mrs. J. H. Sturgeon of 337 Halesworth street leave on Monday for a ten days' stay at Forest Home.

Miss Florence Bowes went to Los Angeles this morning to meet Miss Aura Mayock of San Jose, who will remain here as a guest at the Bowes home on North Main street, until over Sunday when she will go to Los Angeles to complete her visit there.

Mr. and Mrs. G. A. Nuffer of Orange passed through here this morning on their way to Huntington Beach, where they spent the day.

Mr. and Mrs. W. G. Gould and the Misses Wingood have returned from a ten-days' stay at Laguna Beach.

Miss Emmeline Miller and Miss Edwina Collins, deputies in the county recorder's office, will leave on September 15 for Dayton, Ohio, for a three-months' absence. They will travel East by way of the Canadian Pacific, returning by a southern route.

W. H. Stearns, formerly assistant chief engineer of the Orange County Highway Commission, now holding a similar position at Riverside, will pass through Santa Ana tomorrow on his way to Laguna Beach, where he will spend three days with Mr. Hedstrom of Garden Grove.

Mrs. W. A. Irvine is visiting in Los Angeles this week with an old friend who was formerly her teacher. Today Paul Irvine went to the city to accompany his mother home when she returns here on Sunday.

Mrs. C. M. McKain was a visitor to Los Angeles today.

Mrs. E. M. Reed and Miss Mary Comings of Santa Monica, who have been visiting here for a week at the C. B. Pulver home, returned to their home at the beach today. Miss Comings is a cousin of Mrs. Pulver.

Mrs. A. J. Visel and Miss Ruth Visel were morning passengers to Los Angeles today, traveling via the Pacific Electric.

Mrs. M. A. Headley returned to Los Angeles this morning after a week's visit with her old-time friend, Mrs. W. H. Crose.

Mr. and Mrs. R. J. Blee attended the Blee-Lodwick wedding in Highland Park Presbyterian Church last night.

Arthur Gray left today for Greensboro, North Carolina via the Salt Lake route. He will be absent from here for three months.

Mrs. E. Knapp of Oregon is the house guest of Mrs. M. Cooper and her daughter, Miss Ruth Taylor, 1017 West Third street.

Frank Wakeham was a business visitor to Los Angeles today.

Mrs. James Newton Harding will go to Balboa tomorrow for an over Sunday stay, taking with her a nephew, Merle Sharke, from San Bernardino, who comes down for a vacation visit with relatives here.

Mrs. H. M. Robertson and family have returned from their extended outing at Pine Crest. They spent the month of August in that delightful region and not only enjoyed the stay hugely but returned much benefited by the change of climate and scene.

E. Cox and family of 602 East First street have gone to Ventura for a stay of some time.

Miss Mary Ely, who has been at Keen's Camp since June 29, is now at 709 Kingsley Drive, Los Angeles.

Mr. and Mrs. George Todd of Los Angeles motored down from the city yesterday afternoon for an over-night visit with their cousins, Mr. and Mrs. Wayland Wood, 407 West Seventeenth street, returning this morning.

J. P. Baumgartner returned today from a hunting and camping trip in the Sierras, where he recently went with A. J. Crookshank to join M. M. Crookshank and Mr. Hubbard.

Mr. and Mrs. J. F. Buer, Miss Louise Buer and Otto Buer, Mr. and Mrs. Brown, Mr. and Mrs. J. G. Henig and L. B. Gunther, all of Orange, accompanied the Culver City excursion leaving here this morning.

Miss P. B. Emerson spent today in Los Angeles.

R. R. Miles made a business trip to Los Angeles this forenoon.

### DIED

MORROW—In Orange, Friday, September 4, 1914, Rev. J. A. Morrow, aged 82 years.

\* record as not favoring such legis-  
\* lation, because the adoption of  
\* such law would not be for the  
\* welfare of the State of California  
\* or her industries or her labor."  
\*\*\*\*\*

This resolution was adopted by the  
Chamber of Commerce at its regular  
monthly meeting held at the City Hall  
last night. By adopting this resolu-  
tion the local chamber goes on record  
as against the proposed eight-hour  
law which will be submitted to the  
vote of the people at the November  
election.

That it would be to the benefit of  
the workman if the measure is de-  
feated, was the essence of the report  
of the committee which has been in-

## New Meat Market

JUST OPENED AT  
310 EAST FOURTH ST.

Full line of best quality fresh  
meats of all kinds, at lowest  
prices.  
Special prices to restaurants,  
hotels and boarding houses.

investigating the proposed law and its  
probable effects if passed. During the  
discussion which preceded the adop-  
tion of the above resolution the mem-  
bers present were unanimous in voic-  
ing their sentiments that all voters  
should familiarize themselves with the  
intention of the proposed eight-hour  
law. They were also unanimous in  
their belief that if the voters study  
the proposed measure they will realize  
that the measure, should it become a  
law, will work great hardships upon  
all industries of the state, particu-  
larly the agricultural industries.

**City Directory**  
Another important piece of business  
which was attended to last night was  
the decision of the local Chamber of  
Commerce to publish a directory of  
the city of Santa Ana. The entire  
management of the getting out of this  
directory, which it is the intention of  
the chamber to make one of the most  
complete and authentic ever pub-  
lished here, will be in the hands of  
Secretary Metzgar. The secretary will  
start the work of securing names and  
addresses in the near future. The  
directory will be known as the "Ex-  
position Year Directory." It will be  
ready for delivery early in 1915.

**Free Methodist Conference**  
Rev. Burton Y. Neal of the Free  
Methodist Church appeared before the  
Chamber in the interests of the Gen-  
eral Free Methodist Conference, which  
meets every four years. Rev. Neal  
stated that the conference had never  
been held on this coast and that the  
members were desirous of holding the  
next conference in California. He said  
that there would be 200 delegates from  
all sections of the United States and  
that the conference would extend over  
a period of about three weeks. A  
committee was appointed to investi-  
gate the matter. It seems that the  
main difficulty in the way of bringing  
the conference to this city is the lack  
of a suitable auditorium as each one  
of the meetings will be attended by at  
least 1,500 people. However, the mem-  
bers of the chamber look upon the  
matter in an extremely favorable light  
and the committee was instructed to  
look into the proposition thoroughly,  
so that Santa Ana may secure the con-  
ference.

**Geranium Matters**  
It was decided that another geranium  
distributing day would be held  
September 10. Especial efforts will  
be made to give away large quantities  
on that day as it is the intention of  
the chamber to distribute geranium slips  
throughout the county as soon as all  
Santa Anans desiring the cuttings are  
supplied. It was voted to offer geraniums  
to the school board in order  
that curbing surrounding the city  
schools may be planted by 1915.

**Industrial Committee**  
In order that Santa Ana may derive  
the full benefit of the new freight  
rates which will soon be in effect a  
committee consisting of J. A. Smart of  
the Santa Ana Wholesale Grocery  
Company, chairman; George B. Shat-  
tuck and William Diers, was appointed  
to work on the matter of securing  
additional industrial enterprises for  
this city.

**Other Matters**  
A resolution of sympathy for the  
death of Charles H. Taylor was put  
upon the minutes and will be submit-  
ted to the relatives of the deceased,  
who was a member of the local cham-  
ber.  
A resolution of appreciation was  
passed for Horace McPhee for his ser-

vices to the community during his  
ownership of the Blade.

**New Members**  
The following were elected to mem-  
bership in the Santa Ana Chamber of  
Commerce: Dr. C. H. Brooks, Santa  
Ana; John A. McFadden, Tustin; J. A.  
Smiley, Orange; C. C. Bonebrake,  
Santa Ana; L. M. Doyle, Santa Ana;  
John Clarkson, Santa Ana; Santa Ana  
Furniture Company; H. J. Lowe, Santa  
Ana.

**Marine Service**  
"Whereas, the existing war in Eu-  
rope has had the effect of greatly re-  
ducing the marine carrying service of  
the leading foreign nations of the  
world, and the export business of the  
United States is likely to be greatly  
retarded by reason of the scarcity of  
such means of transportation; and  
"Whereas, Congress has passed a  
law permitting registry under the  
American flag of foreign built ships;  
and  
"Whereas, the present time seems  
most propitious one for expanding  
and re-establishing an American mer-  
chant marine;

"Now, therefore, be it resolved, by  
the board of directors of the Santa  
Ana Chamber of Commerce, that the  
establishment under the new condi-  
tions of an American marine service  
at Los Angeles, which shall furnish a  
line of steamships flying the flag of  
the United States and the Los An-  
geles pennant, sailing from Los An-  
geles harbor to all ports of the world  
particularly to aid in creating com-  
merce direct between Los Angeles  
and the ports of South America and  
the Orient, is highly desirable. We  
therefore suggest that the people of  
Southern California give careful con-  
sideration to the establishment of  
such a line of marine transportation  
with a view to carefully investigating  
such an important enterprise as to its  
value as a business investment, with  
the ultimate object of furnishing ma-  
rine transportation for the agricultural  
and mechanical products of the Pacific  
Southwest, and the making of Los An-  
geles one of the great commercial  
ports of the world."

The foregoing resolution was unani-  
mously adopted by the local chamber  
at last night's meeting.

## LABORING MAN SUICIDES AT ANAHEIM

Revolver Found by His Side  
Mute Evidence of  
Fatal Act

Mike Tronson, a Swedish laboring  
man, aged about 37, committed sui-  
cide in his rooming house at Ana-  
heim this morning by shooting him-  
self in the center of the forehead with  
a revolver.

The body was found in Tronson's  
room at about 6:15 this morning by  
Bayard T. Beale, the proprietor of  
the rooming house.  
In a statement made to Coroner  
Winbiger, who was called to the un-  
dertaking parlors of Backs and Terry  
Anaheim, this morning, Beale said:  
"The deceased was unmarried as  
far as I know. I have known him for  
about one and one-half years, during  
which time he has roomed with me  
at various times. He was a laborer  
and had worked for more than a year  
for Mr. A. W. Wood in county road  
work. He had also worked for Mr.  
Ed. Gunn at times in cement work.  
For the past three months he had  
been working on a ranch near Ana-  
heim."

"He came to my rooming house on  
Thursday night, August 27, and se-  
cured a room. Since that time he has  
been in and out and has been look-  
ing for work. This morning at about  
6:15 I was called by Dan Snyder, a  
roomer here, who said that he had  
located the trouble. This was the  
first that I knew of the suicide as I  
had not heard the shot."

"I got up at once and went in the  
hall where there were several at the  
door of Tronson's room. I went into  
the room, being the first one to enter  
the room. The door was not locked.  
Tronson was lying on the bed, his  
feet nearly touching the floor. He  
was dressed in trousers and shirt  
but wore no shoes. The revolver, one  
of bulldog design, was lying against  
the left side and held in position by  
the left arm."

"The shot was heard by several of  
my roomers, some of whom heard  
him groan after the shot was fired.  
I do not know of the whereabouts of  
any of his relatives. It is said that  
he tried to sell his bicycle yesterday  
saying that he was going to San  
Diego to look for work."

It is said that Tronson was given  
by his parents into the charge of  
some German people in Peoria, Ill.,  
when he was 15 years of age and that  
he had said that he had left there  
shortly after and had not seen any of  
those people again. He was of a  
rather despondent nature and accord-  
ing to the opinion of City Marshal  
Kellenberger of Anaheim was some-  
what unbalanced mentally.

Sam Stein's Stationery Store starts  
Saturday, Sept. 5th.

## ORANGE REV. MORROW DIES AT ORANGE TODAY

(Special Correspondence)  
ORANGE, Sept. 4.—The death  
of the Rev. Joseph Armstrong  
Morrow, an aged retired minister of  
this city, took place about 9 o'clock  
this morning at his home on South  
Grand street. He had been confined  
to his bed during the last nine days  
but was in poor health for some time  
previous. His death was due in part  
to his advanced age, which was near-  
ly 82.

Rev. Joseph Morrow was born in  
Jernsey county, Ohio, October 14,  
1832. He studied for the United Pres-  
byterian ministry and after being or-  
dained spent his entire career in  
some missionary work among the  
Warm Spring Indians. He was mar-  
ried to Jennie M. McMillen, July 23,  
1864, at Rock Island, Illinois. Besides  
his widow, there survive, five chil-  
ren, Mrs. John M. Thorne of Weiser,  
Idaho; Miss Anna Morrow of Boise,  
Idaho; A. H. Morrow of Washington,  
D. C., who is here at present; Mrs.  
Frances Wann of the Pasadena Hos-  
pital, and W. W. Morrow of Water-  
town, Ill.

Rev. and Mrs. Morrow moved to  
Orange from Chicago in November,  
1913. Rev. Morrow having retired  
from the ministry several years ago.  
Though grief stricken by the loss of  
her life companion, Mrs. Morrow is  
much comforted by the sympathy of  
her friends and feels that they have  
net with true Christian love and  
courtesy since coming to this city.

No announcements concerning the  
funeral had been made today.

Another delightful ante-nuptial affair  
in honor of Miss Gertrude Perry took  
the form of a miscellaneous shower  
last evening at the home of Miss Adda  
Moore. The guests were the Camp  
Fire girls and a few outside friends.  
The rooms were attractively adorn-  
ed in red hearts that profusely decor-  
ated all the rooms. Games and con-  
ests were the pastimes of the even-  
ing. In one, a wedding trip, Miss  
Ruth Collings received first award. Re-  
freshments were served toward the  
close of the affair.

With each one of the many hand-  
some gifts received by the bride-to-be,  
was a short verse containing a prophe-  
cy of the future. These were read  
with much merriment.

The hostess, Mrs. Moore, was assist-  
ed by Mrs. Skidmore in entertaining.  
The guests were Misses Gertrude  
Perry, Arline Davis, Ruth Collings,  
Margaret Palmer, Katherine Brad-  
shaw, Margaret Rydberg, Emma Wick-  
ersheim, Marie Dennis, Lucile Bird  
and Adda Moore.

Mrs. N. T. Edwards entertained the  
Embroidery Club yesterday afternoon  
at her magnificent new home on  
South Glassell. The affair was in  
honor of Mrs. F. L. Youtsey of Yuma,  
Ariz., and Mrs. J. H. Reeves of Mesa,  
Ariz. Mrs. J. E. Roberts of Los An-  
geles, a sister of Mrs. Edwards, was  
also an honor guest.

Games, followed by refreshments of  
ice cream and cake served to pass a  
most delightful afternoon.

Mrs. W. G. Hagen entertained yes-  
terday afternoon at a birthday party  
for her daughter, Nora, who was seven  
years old.

The young guests spent a gay after-  
noon, which was capped by refresh-  
ments of ice cream and other good  
things.

Those present were Bertie, Frances  
and Billy Robinson, Emma Hiatt, Lola  
and Dora Harris, Fay, Flora and John-  
nie Howard, Dora and Ernest Hagen.

The F. E. Hallman and W. C. Pixley  
families enjoyed an informal dove  
dinner last evening at the F. E. Hall-  
man home on South Center. The menu  
was stocked by Mr. Hallman and Mr.  
Pixley, who were on a hunting trip  
Tuesday.

C. W. Stafford of the Universal  
Motor Service Manufacturing Com-  
pany, who recently arrived here from  
Washington, has purchased the H. S.  
Warner residence property on North  
Grand street. He will move his fam-  
ily here to make their home.

Much interest is being shown in  
the baseball game for Saturday be-  
tween the Orange team and the Pacific  
Electrics. The P. E. team won from  
Orange on the last trip here, beating  
the locals in a close game, 4 to 2. To-  
morrow's contest should prove a good  
drawing card.

Mrs. Ed Gise and son, Billy, of Los  
Angeles, arrived here yesterday for  
a visit with her brother, T. H. Elijah,  
and family. Mr. Gise will join them  
Sunday.

Evan Davis resumed his daily busi-  
ness trips to Los Angeles this morn-  
ing after an illness of four weeks, re-  
sulting from an injury received in an  
accidental fall.  
Eugene Wilson of Los Angeles was a  
business caller here yesterday.  
Florence Miller went to Anaheim  
today for a visit with the W. M. Fish-  
back children, who formerly lived  
here.

Mr. and Mrs. Glenn Schlasman of  
Mexico, arrived here Monday to  
spend the winter. They were forced  
to leave the Mexican city by the fight-  
ing, which commenced there Tuesday.  
J. Muenier has bought a lot on Van  
Bibber avenue from W. J. Ferguson.  
Mr. and Mrs. A. B. Tiffany left this  
morning for a trip to Iowa, which will  
extend over the next six weeks. They

are going over the Southern Pacific  
and will stop at Reno, Nev., and Lin-  
coln, Neb., expecting to reach Union,  
Iowa, before the 18th of September,  
when they will attend a reunion of  
the five Tiffany brothers and their  
families. On their return they will  
stop at Billings, Mont., Spokane, Wash.  
and Portland, Ore.

At a regular meeting of the F. A. A.  
last evening three candidates were in-  
itiated and six applications were bal-  
lotted on. Delegates were elected to  
the Southern California District con-  
vention, which will be held at Comp-  
ton September 19 as follows: H. B.  
Handy, W. W. Perry, H. S. Campbell  
and Mrs. C. W. Meadows. Alternates  
elected were C. O. Field, L. B. Gitchell,  
D. C. Drake and H. B. Robertson. At  
the next meeting the program by the  
Love division will be given.

Mrs. A. P. Gulick, a sister-in-law  
of F. M. Gulick, is quite ill at her  
home on the corner of Collins avenue  
and Shafter street. Mr. and Mrs. A. P.  
Gulick are recent arrivals from Illi-  
nois.

## ALL LIGHTS OFF IN RACE FOR SAFETY

Gus Stern Tells of His Experience on Board German Vessel

Fullerton Tribune: Gus Stern has returned from the East and gives to the Tribune an interesting story of his experience on the Kron Princessin Cecilie which left for Europe some weeks ago but turned back after it got far out into the ocean upon learning of the outbreak of the European war.

Mr. Stern says the great ship had reached the point where the Titanic went down about two years ago, when it received by wireless the first news of the war.

Sheer luck often determines whether a man is a hero or a fool. This is illustrated in the dramatic race of the Kron Princessin Cecilie, with over 2000 passengers and \$15,000,000 aboard, from mid-Atlantic to Bar Harbor, Me., to escape falling a prize to two French cruisers.

All lights were turned off, the vessel was completely shrouded in canvas, and for two nights, with head and side lights extinguished, this wraith of the sea raced at full speed through the fog.

The rule of navigation in times of war was reversed, the lives of the passengers were of secondary importance, the one thing was to save the ship and the gold, not so much for the sake of the ship or the gold or themselves, but to prevent this rich prize from falling into the hands of the enemy.

A great risk was taken with the lives of the passengers. If an accident should have occurred it would have rivalled the Titanic horror, and to this would have been added deliberate culpability.

It should be a law of the sea that at all times, in war as well as in peace, ships carrying a commercial business, should place the safety of the passengers above any other consideration, and none of the safeguards of navigation should be dispensed with.

No outraged world, however, will hold Captain Charles Polack to account for his foolhardy act. He got by with it. That is the test. He will be acclaimed a hero.

Mr. Stern says the steamship company refunded to the passengers every dollar for the round-trip tickets to Europe and also paid the railroad and Pullman fare from Bar Harbor to New York.

He says the Germans will win as they have the best trained soldiers in all Europe.

While in the East Mr. Stern visited many states and says he noticed good crops everywhere.

## HUNTINGTON BEACH ASKS REHEARING IN WATER RATE CASE

The city of Huntington Beach yesterday filed with the State Railroad Commission an application for a rehearing of the case in which it complained of the water rates charged by the Huntington Beach company. The city asserts the rates established by the commission are not fair to the municipality and are not justified by the evidence introduced at the hearing.

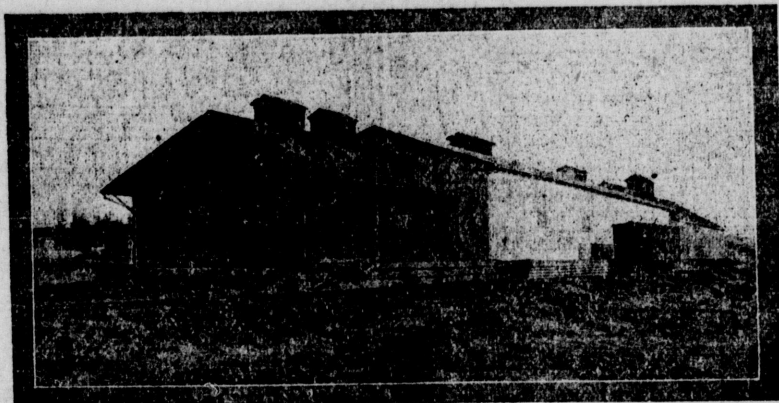

## SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Thickness

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our Grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Advertisement.

## BARLEY GOING UP RAPIDLY, ORANGE COUNTY GROWERS OFFERED \$1.075 AT EL TORO

GRAIN WAREHOUSES AT EL TORO

Barley is going up. In the last ten days the price has climbed from eighty-five cents per 100 pounds to \$1.075. The ranchers believe that the price is going to go higher, and they have hopes that it will reach the normal price of \$1.25 in a very short time.

This is a busy time of year at El Toro. This is the time when the six, eight, ten- and twelve-horse wagons bring in their loads of barley grain to the L. F. Moulton Co. warehouse at El Toro, which is the greatest shipping point for grain in Southern California.

It is estimated that there were 23,000 acres in grain in the south end of the county this year. The crop may turn out to be worth \$300,000. It depends on the price. For a time grain was away down to seventy-nine cents. Some few growers sold when the price got to eighty-five, but nearly all

of the Orange county grain men set the brakes and held back for something better. That something better is coming, has been coming for the last ten days. Some years grain has brought away higher than \$1.25 a hundred, and some years the price has been so much below \$1.25 that only an optimist could grow grain and smile. However, \$1.25 is considered about normal.

The price of \$1.075 is what was offered yesterday f. o. b. El Toro.

The Moulton warehouse handles more grain than any other warehouse in Orange county. A goodly amount is handled by Foster Bros. warehouse at San Juan Capistrano. The Irvine warehouse, once the leading grain warehouse of the county, hardly gets enough grain now to feed the stock of the men who haul beans to the Irvine warehouse. The Irvine section has turned from grain growing to bean growing.

## MONDAY GO TO COUNTY PARK ONE WAY, RETURN THE OTHER

Editor: For the information of those of your readers who will attend the picnic at the County Park on Labor Day, the following has been prepared.

S. J. JACKMAN,  
Chairman Transportation Committee for Dry Federation.

The two big picnics to be held in Orange County Park on Labor Day, Monday, September 7, one under the auspices of the Dry Federation and the other by the labor organizations will attract large crowds of people. It is estimated at this time that over 5000 will attend.

To minimize the chance of accident the Transportation Committee have been instructed to do what they can to put into effect such regulations as they deem best in the interest of safety.

This committee, after consulting with experts along this line, including the president and secretary of

the Santa Ana Automobile Club, have decided that safety may best be had by having all persons going out to the park to go on the same road and return by the other.

Therefore, the committee requests, in fact, urges, everyone go by what is known as the old or "Valley" road; that is, turn off the main road to the left in El Modena; returning, take the left-hand road, just this side of the park. If all will agree to, and do, this, most of the danger will be eliminated.

Arrangements have been made to have a traffic officer stationed at the top of El Modena grade to keep the machines returning at a reasonable distance apart.

A large sign will be placed at each of the above mentioned places pointing the way. Also a traffic officer will be stationed at each of these places to assist in handling the traffic.

Let everyone co-operate, that the day may end happily to all who attend.

## ARBORICULTURAL MEETING SEPT. 10

Program of Exceptional Interest and Merit Scheduled for Convention

The program has been completed for the ninth semi-annual convention of the Arboricultural Association of Southern California, which convenes in Riverside in the music room of the Glenwood Mission Inn, September 10 and 11. The president of the association is J. M. Paige of Pomona; vice-president, Dr. F. E. Corey of Alhambra, and secretary-treasurer, Harry Dunbar of Riverside.

The delegates will be welcomed on the opening morning by Frank A. Miller, master of the inn, upon whose generous invitation the meeting was called to be held in the music room. President Paige will respond upon behalf of the association. The first day's sessions will be devoted to the discussion of parks for smaller cities. Systematic planting of improved highways, city approaches, and the problem of interesting children in parks, street trees and home grounds will be discussed.

In the afternoon, at 3:30, will come an automobile inspection of Riverside streets and parks, street trees and home grounds.

In the evening the work of the women's clubs in promoting city beautification will be discussed, opening with an address by Mrs. Robert J. Burdette of Pasadena. The effect of systematic tree planting will be shown by stereopticon slides.

On the second day the morning will be devoted to the discussion of how best to beautify home and school grounds, with Ernest Braunton of Los Angeles scheduled for an address. Reports from tree wardens and foresters will then be heard.

J. M. Grant of Santa Ana, county forester of Orange county, is to read a report on the forestry work in this county.

The afternoon will be devoted to the business session and election of officers.

All who are interested in the beautification of California cities and highways are invited to attend.

## STATE INDUSTRIAL ACCIDENT BOARD LOS ANGELES, SEP. 21

Los Angeles Examiner: It was announced yesterday by Secretary Zeehandelaar of the Merchants and Manufacturers' Association that the State Industrial Accident Commission, under the Workmen's Compensation Act, would meet in Los Angeles on September 21 in the superior court rooms, for the purpose of giving the employers of Los Angeles and vicinity an opportunity to offer suggestions as to the "safety appliance rules" before they should be finally decided upon by the commission.

The hearing of the commission here will be conducted under the auspices of the Merchants and Manufacturers' Association.

The Industrial Accident Commission has the power to enforce that section of the Workmen's Compensation Act, which requires employers to use all reasonable means of guarding their employees against exposed dangers in their work, such as exposed moving parts of machinery, in which a workman might get caught or become injured.

## STOCK EXCELSIOR MAKES FAST TIME

Buck & Buck, local dealers in Excelsior Motorcycles, have received the following copy of a telegram just received from the Excelsior Motor Manufacturing & Supply Company, as to the results of the Sioux City International 250-mile race:

"Walters on good old 'X' strictly stock design wins Sioux City International two hundred fifty mile race, breaking all former long distance records. Average time fifty-two, four-fifths seconds per mile. Also made fastest lap. Carl Goudy also wins fifth place and special cup for longest distance without stop. Most wonderful performance ever made by any motor."

"EXCELSIOR MOTOR MFG. & SUPPLY COMPANY."

## PICNIC WILL DRAW LARGE ATTENDANCE

Orange County Park will probably have more visitors next Monday than on any day in its history. The Orange County Dry Federation will hold a great picnic there on that day, which also happens to be Labor Day, and the labor unions of the county will also be there.

In every corner of the county plans are being made by the people to go to the county park and participate in the day's program of speech-making, music and sports. The officers of the Dry Federation have spared no labor or expense in their endeavors to make the picnic a thorough success.

Among the speakers will be the following: S. W. Odell, president of the State Dry Federation; Dr. Gandier, chairman of the State Anti-Saloon League; Dr. Wadsworth, general superintendent of the State Dry Federation, and Dr. Coyle, pastor of the Westlake Presbyterian Church, Los Angeles.

The Santa Ana Band, consisting of twenty-two pieces, will furnish music throughout the day.

## CANNERY SOON TO START AT VILLA PARK

Orange Post: In a few days the cannery at Villa Park will be open, to be carried on by the Orange County Vegetable Association. It will employ a dozen or more people in the making of catsup and other relishes, the canning of beans and the making of various fruit jellies, the product being labelled "Villa Park Canning, Orange County Vegetable Association."

When present plans are matured, the association will occupy three buildings at Villa Park. Eight hundred acres, it is estimated, have been planted in that vicinity to peppers, beans, peas, and other vegetables. It is expected that from seven to nine cars of winter vegetables will be shipped by the association during the busy season.

## OLD NEWPORT DAY WAS SPENT IN TRIP TO HOT SPRINGS

OLD NEWPORT, Sept. 4.—The families of R. W. Selvidge, Alvin Selvidge, Tom Selvidge, Wilson Selvidge, Will Graser and W. S. Babbs made a merry party that spent the day at San Juan Hot Springs Sunday.

Mrs. Forrest Collar of Tustin was the guest of Mrs. H. L. Wakeham for several days.

Mr. and Mrs. R. W. McClain and family spent the day at Huntington Beach Sunday.

Miss Besse McClain is spending the week at Huntington Beach with Miss Mary Morgan of Los Angeles.

Will Armstrong and Mrs. H. A. Tedford left Sunday for Willows, on a business trip.

J. D. Hutton and family returned from Santiago Canyon, where they have been camping for a week.

Mr. and Mrs. R. L. Tedford were Los Angeles visitors Saturday and Sunday.

## BARNUM & BAILEY SHOW IS COMING

The Barnum & Bailey "Greatest Show on Earth" is to appear in this city for two performances this month. From now on until the eventful date the hope that springs eternal in America's youth will keep the fathers and mothers of this fair city on the tip-toe of expectancy as the faithful off-springs have gotten them to promise to take them to the circus. Lives there a boy with a soul so dead that the typical American circus does not strike a responsive chord? It's a matter of extreme doubt. For the first to greet the first car of the incoming circus and the last to see the huge wagons depart with their heavy loads is the boy whose love for circus features, novelties and surprises dates from the time that he plays with the stuffed animal hides or miniature duplicates of the animal kingdom he receives at each recurring Christmas.

Barnum & Bailey's date here means a red letter day for the old as well as the young and they, too, welcome the excuse to accompany the children to the show grounds, as they find just as much fun and amusement as the kiddies who make sure that everything is seen in the big menagerie tent before they settle down in their seats for the circus performance proper.

To typify interest this year and to knock sky-high the belief that there's nothing new under the sun, the Barnum & Bailey show is offering a wonderfully new and realistic spectacle entitled, "The Wizard Prince of Arabia," which teems with life, action and color and has 1,250 persons taking part. It's an ingenious exhibition of kaleidoscopic splendor with startling climaxes and thrilling developments so arranged as to make the feature long remembered by all who see it.

This mammoth pageant opens one of the biggest shows ever produced under the magic name of Barnum & Bailey.

## BRUCE MCRAE IN FILM VERSION OF "THE RING AND THE MAN," THE NEXT FAMOUS PLAYERS PRODUCTION

The Famous Players Film Co. present Bruce McRae, the eminent dramatic star, in a four-reel version of the famous political romance, "The Ring and the Man," by Cyrus Townsend Brady. "The Ring and the Man" is the story of a courageous man's triumphant battle against the corrupt forces of a gigantic political ring. It is a story big in its political and civic appeal, and touching in its tender heart-interest.

The power of the big political scenes is softened by the sympathetic love-interest and contrasted by the glorious freedom of the plains.

Bruce McRae, who achieved distinction on the stage in a long list of dramatic successes, and more recently in "Nearly Married," and "Nobody's Widow," portrays the role of George Fordyce, alias Gormly, with a degree of faithfulness difficult to estimate, and the result is a production of such superiority as the stage seldom sees.

The supporting cast has been happily selected. Bruce McRae is surrounded with such noted players as Robert Broderick, Helen Aubrey, Wellington A. Playter, Violet Horner, Albert Andrus, Chas. Douglass, and Albert S. Houston.

"The Ring and the Man" will be seen at the Temple Theatre tomorrow and Sunday only and we guarantee everyone who comes a royal treat. Tonight will be the last performance of Sir Walter Scott's greatest story, "The Heart of Midlothian."

## ORANGE RECEPTION GIVEN AT ATWOOD HOME

The List of Guests Included Many From Out of Town

(By Staff Correspondent)  
ORANGE, Sept. 3.—A brilliant reception in honor of Mr. and Mrs. Robert Weibrecht was given last evening by Mr. and Mrs. G. N. Atwood at their home on East Chapman Avenue.

Featured by beautiful decorations and an interesting program, the affair progressed through a delightful evening, with refreshments served toward the close.

The list of guests, which includes a number from out of the city, is as follows: Morton Haig, Edmund Parker, Harold Goehagan, Miss Goehagan, Miss Nichols, Miss Caldwell and James Fortune of Alhambra, Miss Alice Haig of Sierra Madre, Mrs. Bailey, Miss Bailey, Mr. Percy Richards, Santa Ana; Mr. and Mrs. E. W. Bolinger, Mr. and Mrs. C. F. Newton, Mrs. E. H. Brann, Rev. and Mrs. T. J. Oliver Curran, Mr. and Mrs. V. A. Ross, Mr. and Mrs. Stewart J. Flintham, Los Angeles; Mrs. A. H. Bibber, Mr. and Mrs. J. L. Birnbaum, Miss Otto Birnbaum, Mr. and Mrs. W. O. Hart, Mrs. K. P. Pearce, Mr. and Mrs. J. W. Morrison, Misses Vida and Alta Morrison, Dr. and Mrs. A. H. Domann, Miss Cook, Mrs. Helen Bassett, Mr. and Mrs. W. D. Crafton, Mrs. Brooks, Miss Brooks, Mr. and Mrs. I. Lee Collins, Miss Bibber, Mr. and Mrs. Ray Billingsley, Miss Billingsley, Mr. and Mrs. D. C. Pixley, Mr. and Mrs. Francis E. Smith, George K. Brandriff, Mr. and Mrs. F. A. Blake, Mr. and Mrs. K. E. Watson, Mr. and Mrs. John R. Porter, Mrs. Hinkley, Miss Hinkley, Mr. Wilbur Bassett, Dr. and Mrs. John Adams, Mr. and Mrs. W. S. Gregg, Mr. and Mrs. A. E. Zapf, Mr. and Mrs. A. L. Hitchcock, Leslie Hadley, Miss Mabel Drew, Miss Marian Drew, Miss Nona Denbigh, Miss Haynes and Miss Camille Parch.

The P. E. O. Society opened its year's work last evening at a 6 o'clock dinner given on the lawn of the J. F. Keller home on West Laveta Avenue. The meeting was the first since the summer vacation.

The work for the coming year being outlined as treating of the subject of Art, a short talk was given by Mrs. A. R. Smith on "How to Study a Painting."

Those present including members and their families, were: Mr. and Mrs. A. A. Bennett, Mr. and Mrs. F. Campbell, Mr. and Mrs. F. E. Hallman, Mr. and Mrs. Alfred Higgins, Mr. and Mrs. F. H. Mellor, Mr. and Mrs. P. I. Bird, Mr. and Mrs. W. C. Pixley, Mr. and Mrs. A. R. Smith, Mr. and Mrs. J. F. Keller, Mrs. O. J. Blythe, Mrs. M. F. Bradshaw, Mrs. E. J. Brown, Mrs. J. A. Fitton, Mrs. O. J. Johnson, Mrs. F. A. Gray, Miss Marion Pryne, Miss Mabel Parker, Miss Lucile Bird and Miss Catherine Bradshaw.

The C. M. P. Embroidery Club enjoyed a delightful meeting yesterday afternoon at the home of Mrs. F. V. Pruitt on North Olive street. All but two members were in attendance and Mrs. J. P. Boring was entertained as a guest.

Fancy work occupied much of the afternoon, and election of officers was held, this being the first meeting of the year after the summer vacation. Mrs. H. L. Bascom was elected president and Mrs. A. G. Parsons secretary and treasurer.

The following were present: Mrs. H. L. Bascom, Mrs. A. G. Parsons, Mrs. L. W. Hemphill, Mrs. W. E. Anderson, Mrs. C. W. Meadows, Mrs. John Campbell, Mrs. I. N. Barnett, Mrs. O. U. Hull, Mrs. F. L. Moore, Mrs. George Campbell, Miss Bessie Lea and Mrs. F. V. Pruitt.

Mrs. Pruitt entertained at, the same time for her little guest, Juanita Speer, having several little girls to spend the afternoon with her. The young folks spent the time making doll clothes and were served with refreshments on a table located on the porch. A pink and white color scheme characterized the affair, being used both in decorations and in the refreshments.

The Modern Priscillas of Villa Park were entertained yesterday afternoon at the home of Mrs. Eva Gunnette in Anaheim. They spent a pleasant afternoon with fancy work, games, vocal selections and were served with tempting refreshments of hot buns, cocoa and cake.

Those who attended were: Mrs. Joe Handy, Mrs. John Gillogly, Mrs. C. J. Porter, Mrs. C. A. Palmer, Mrs. G. D. Williamson, Mrs. Louis De Long, Miss Grace Lee, Miss Margaret Holditch and Miss Marjorie Lucas.

Miss Mabel Parker returned yesterday from Pacific Grove, where she has been spending the summer with her sister, Mrs. Bert Carner. Her father remained there for a more extended visit.

Misses Hazel Thompson, Lillian Thompson, Buelah Peters, Hulda Walther, Fae Mellor, Maude Cleveland and Juanita Osburn, with Miss Nora Nichols as chaperone, left today for Newport, where they will visit over Sunday.

Rev. W. H. Galbraith of the Baptist church returned last evening after an extended vacation trip through the East. He had been absent several months.

Mrs. E. C. Yarnell of Santa Ana has been spending the last couple of days with friends in this city.

C. Falkenberg of Santa Ana visited friends in Orange yesterday.

D. Fitch of Fullerton spent yesterday in this city calling on friends.

The Ladies' Aid Society of the Villa Park Congregational church will hold their annual ice cream social tomorrow evening at the home of A. S. Adams. The public is invited as usual to take part.

C. W. Houghtaling, who spent last week at Balboa recuperating from an attack of the grippe was taken ill again yesterday afternoon just after returning home. He is confined to his bed today.

Mrs. O. Holmes and her niece, Miss Rose Richardson, are spending the week at Newport Beach.

Mrs. P. F. Wilson of Oakland has arrived here to visit for a month with her mother, Mrs. Pauline Lau, of South Orange street, after which she will go to St. Louis, Mo., to meet her husband, who is returning from Panama.

Mr. and Mrs. Carl Shipkey, Miss Edith Thomas and Earle Pine formed a motor party to Balboa last evening.

Tommy Johnson, young son of Mr. and Mrs. T. H. Johnson of East Chapman Avenue is reported to be quite ill at his home.

## ORANGE RECEPTION GIVEN AT ATWOOD HOME

The List of Guests Included Many From Out of Town

(By Staff Correspondent)

## WESTMINSTER NEWS BUDGET

WESTMINSTER, Sept. 4.—A large and appreciative audience greeted Rev. Sutherland at the Presbyterian church Sunday morning where a union service in the interest of "California Dry" was held. The Y. M. C. A. boys of Garden Grove had the service in the evening.

Hugh Doyle of Los Angeles spent the week with his sister, Mrs. J. D. Cavanah.

Mrs. George Wright, Mrs. E. Hare and Mrs. L. L. McClintock attended the Rebekah district meeting at Whittier Tuesday.

Henry Pope and wife of Long Beach were guests of their daughter, Mrs. J. Walton, for several days this week.

John Grant and wife and daughter were guests of friends in Norwalk Saturday and Sunday.

Mrs. Guy Mansperger arrived home Thursday from a two-weeks' visit in Los Angeles.

Foster Harris and wife of Santa Ana and Harry Paul and wife of Garden Grove spent several days at the home of their parents.

Sunday guests of Mrs. Carl Hagan were Mrs. J. E. Paridie of Porterville, Mrs. F. Trodd and son, Mr. and Mrs. Joe Leloy of Compton.

Charles Murdy, wife and children, Mrs. Price and son, Harold, and Miss Hetty Murdy spent Sunday in Elsinore.

James Rogers, Jr., of Azusa spent Saturday with friends here.

Mrs. J. D. Cavanah, Mr. and Mrs. Charles Fuller and Robert Cavanah spent Sunday in Los Angeles.

Misses Flossie and Reah Murdy from Long Beach spent Sunday at their home here.

Dr. Cole spent a couple of days in Los Angeles this week.

Building Activities All Over Orange County

REMARKABLE IS BUILDING GROWTH

Santa Ana Far in Lead of San Bernardino and Riverside

\$402,747 IS VALUE OF YEAR'S PERMITS

Thirty-five Permits Taken Out in August Valued at \$21,153

Thirty-five building permits were taken out in Santa Ana during August with a total valuation of \$21,153. This brings the total of this year up to \$402,747.

Building permits in Riverside for the month of August are valued at \$48,585; for San Bernardino, \$29,102. Total for this year, for Riverside, \$209,284; for San Bernardino, \$168,761.

These figures speak for themselves. They show at a glance just what Santa Ana is doing in their building line. They show, too, that this city is far ahead of both Riverside and San Bernardino this year in the number of structures built.

That Santa Ana is growing and growing rapidly is evidenced by the fact that of the 35 permits taken out in August 11 were for residences of from one to ten rooms each. This means that provisions are being made to house many newcomers.

One August permit is that taken out by H. C. Humphrey for a splendid ten-room residence at 1404 North Main street, to cost \$3000. Another is that taken out by Jesse Dinsmore for a six-room residence at 115 East Pine street to cost \$2000.

Building development is going rapidly ahead in all sections of the city. It is not confined to any one particular section.

The building totals by months for 1914 are as follows: January, \$132,740; February, \$31,665; March, \$57,128; April, \$37,364; May, \$35,610; June, \$28,652; July, \$58,435; August, \$21,153.

Sam Stein's Stationery Store starts Saturday, Sept. 5th.

Makes Buildings 30 Degrees Cooler

On a hot summer day the temperature in the upper part of a building covered with J-M Asbestos Ready Roofing is from 15 to 30 degrees cooler than with any other roofing. The white asbestos surface reflects the heat instead of absorbing it and transmitting it to the rooms below.

This is only one of the exclusive features of

**J-M ASBESTOS ROOFING**

Besides making a building cooler in summer and warmer in winter, it is the only ready roofing that never needs painting. J-M Asbestos is also the only ready roofing that is fire-proof.

ITS FIRST COST IS THE ONLY COST.

Write or call today for Samples and Booklet.

Also Lumber, Millwork, Cement, Beaver Board, etc.

"BLUE JUICE" AIDS PROGRESS IN COUNTY

Electric Power a Big Factor in Making Phenomenal Agricultural Growth Possible

Spreading its tentacles to the most remote districts of Orange county in an ever-increasing network of wires carrying progress and development in to farming lands of former comparative unproductiveness, the lines of the Southern California Edison Company have done more to make possible the phenomenal agricultural growth in this county than perhaps any other factor.

In this county there are now no less than 700 pumping plants. Each one of these plants is capable of throwing streams of from 20 to 450 inches. The Southern California Edison Company is furnishing the motive power to about 400 of the pumping plants with a connected load of about 12,000 horsepower.

Some idea of the tremendous part which the Edison Company has played in recent years in the development of this county's agricultural resources may be gained when it is learned that 15,699 horsepower of "blue juice" is being carried now on the company's lines in the Santa Ana district, as against the 1159 horsepower carried in 1905.

The first motor to be run in the vicinity of Santa Ana by juice from the Edison Company's wires was one of 120 horsepower operated for irrigation purposes on Bristol street. This motor was coupled up with Edison juice in 1902, the first year that electricity was brought to Santa Ana. This juice came from Puente and the wires carried 10,000 volts.

The 700 pumping plants in this county are furnishing water brought up by electric and gasoline power to irrigate an estimated area of about 20,000 acres. Many of the sections in this area were considered, until recent years, as unfit for anything but pasture and grain.

Electrically propelled pumping plants are being extensively used to supplement the gravity flow of some of the county's irrigation companies. The 450 inches of water mentioned previously as being thrown by one of the plants has been developed at well No. 2 of the Anaheim Union Water Company. This pump is handled by a 200-horsepower motor. The Edison Company is supplying 1500 horsepower in five locations to irrigation companies and four months of each year the plants are run day and night, thereby wonderfully increasing the supply of irrigation water.

"On the San Joaquin ranch water is developed in the lowlands and boosted by pumps to the higher or

mea land where orange, lemon, walnut and apricot trees are planted," said W. L. Deimling, local manager of the Southern California Edison Company, today. "The San Joaquin Fruit Company, which has 100 acres planted to the above trees, abandoned the use of gasoline engines about three years ago and the entire ranch is now equipped with electric motors. About 1200 horsepower is now connected on this ranch and each year more extensions are made to supply the ever-increasing demand as more acreage is brought under cultivation. This great ranch was originally a pasture for thousands of head of sheep, horses and cattle; later large areas were planted each year to beans and barley, but, today, although the lima bean is raised on about 23,000 acres, the citrus fruits are rapidly taking the place of the lima bean. As bean growing land it is worth \$250 per acre but this same land, under irrigation and producing citrus fruits, is valued at \$1500 to \$2000 per acre."

The history of the development of the San Joaquin ranch is synonymous with that of many smaller sections of the county. Particularly is this true of the Lemon Heights district. Before water was developed on this land the bare land was worth about \$100 per acre. Now, three years after being planted to trees, and land is worth \$2500 per acre.

"The development of the land by use of the underground water system," continued Deimling, "is only beginning, especially in the southern part of the county, and to attempt to estimate how much acreage will be under irrigation in the next ten years by pumping plants is a problem the solution of which would be a mere guess."

The Edison Company has had a large part in the development of the rapidly growing sugar beet industry of Orange county. The company has now connected 1070 horsepower in the sugar factories which are reached by the Edison lines and each year additions are made in the connected load in each of the factories.

"During the past year the growth in our lighting business has been phenomenal especially in the development of the lighting of rural districts," said Deimling. "The development of the agricultural productivity of Orange county, in my opinion, will be even greater than in the past as it has been only during the last five years that intensive cultivation of the soil has made Orange county the greatest revenue producer for its size in California."

AT ONCE! CLOGGED NOSTRILS OPEN, HEAD COLDS AND CATARRH VANISH

Breathe Freely! Clears Stuffed-Up, Inflamed Nose and Head and Stops Catarrhal Discharge. Cures Dull Headache.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

BEAN THRESHING IS TO START MONDAY

Outfits Will Clean Up Around 1,000 Acres Per Day on San Joaquin

The change from foggy mornings to whole days of sunshine has come at a time most advantageous to the lima bean men of the county. The sunshine is drying the newly cut vines so that when the threshers begin their work next Monday they will find the vines ready for the machines.

There will be eight or nine big threshing outfits at work on the San Joaquin ranch, enough to clean up around 1,000 acres of beans a day.

Some of the threshing crews have been at work on the blackeyes, which is about one-fifth the crop of the lima. The blackeyes have been somewhat of a disappointment in the threshing. The yield is not turning out as heavy as was expected. Even at that, however, the crop is good. The blackeye is a peculiar bean. It fools the most experienced of the growers.

A grower can look a field over, hug himself and say: "I've got a heavy crop there." It may turn out light.

Again, the grower may look the patch over from corner to corner, row by row, and end up in doubt, saying: "It doesn't look very heavy." And the crop may beat expectations.

With the limas it is different. A lima can be sized up, and for some weeks past the ranchers have sized the crop up to be the best in the history of the industry in Orange county. Limas are now around \$5.50 per 100 pounds.

SPURGEON BLOCK NEARING COMPLETION

With glass being installed in the window casings of every story of the new Spurgeon block, some of the store rooms already taking on a completed appearance and a general air of activity about this most handsome and attractive of Santa Ana's new blocks, those who have been noting the progress on this structure are beginning to realize that it will be but a very few weeks before the offices and stores begin to hum with business.

As one evidence of how rapidly work is being pushed on the Spurgeon block it need only be said that Sam Stein's stationery store is scheduled to open its doors to the public tomorrow. Stein's fixtures have been installed and the proprietor is busy placing his stock on the shelves.

LIST OF BUILDING PERMITS ISSUED SINCE AUGUST 28

To Santa Ana Steam Laundry, addition to brick building at Fifth and Broadway; \$900.

To Jesse Dinsmore, with E. W. Smith contractor, six-room house at 115-117 East Pine street; \$2000.

To John L. Dryer, with R. E. Marshall contractor, addition and repairs at 602 Spurgeon street; \$300.

To G. B. Darnell, with Fred Seifert contractor, garage at 313 South Sycamore; \$115.

PLANNING A NEW RESIDENCE FOR SUPERVISOR STRUCK

Architects Eley & Hawley are at work on plans for a new home for Supervisor Fred Struck to be built on Struck's ranch northwest of Orange. The residence is to cost \$3500 and will be a story and a half bungalow. There are to be six rooms downstairs and three upstairs. Hardwood flooring will be used throughout. One of the most attractive rooms, as planned by the architects, is the living room, 14 by 20 feet in dimensions. A handsome fireplace is one of the features of this room. All modern conveniences have been provided for in every room. White enamel will be used in finishing the kitchen and bath room.

THREE-STORY BLOCK PLAN FOR ANAHEIM

Anaheim Gazette: John E. Fisher is having plans prepared for a three-story building to be erected on West Center street, Anaheim. The first story will contain store rooms and the upper stories will be fitted up for hotel purposes.

SEA COAST'S BACK COUNTRY GOING AHEAD

The Citrus Groves Near Fairview Are All Looking Good

The recent remarkable progress of the South Coast region from Seal Beach to Balboa has involved a wider scope of territory than that included in the various shore resorts of the district and has been of even more substantial character than has been generally understood. Coincidentally with the development of Seal Beach, Sunset Beach, Huntington Beach and the Newport Bay towns, the lands backing these resorts have been steadily coming into their own. This is especially true in the vicinity of Huntington Beach and on the Newport mesa back of the town of Newport, where some of the most important agricultural and horticultural development in this section is being carried on.

One of the most important developments in the South Coast's back-country region is that being carried on at Fairview Farms on the seaward edge of the Newport mesa. Here, almost in sight of the ocean, is being planted out one of the most extensive lemon tracts in Southern California. Already, in the few months that have elapsed since the subdivision of the property, about 400 acres have been set out to trees. Preparations are now being made for the planting of fifty acres more. This planting, like much of the diversified planting in other tracts in the same coast section, has been done during the dull months of the present year.

The Fairview Farms subdivision comprises 1000 acres and was purchased two years ago by H. H. Cotton and Bryan & Bradford from Mary Banning Norris, having been part of a 2700-acre holding given to Mrs. Norris as a wedding present by her father. The land is about two miles north of Newport Beach on the line of the Santa Ana-Newport branch of the Southern Pacific.

Steel pipes deliver the water under pressure to every part of the land.

Of the original 750 acres of the tract first placed upon the market most has been sold. The remaining 250 acres has just been opened. The planting several days ago of a ten-acre tract brought the area of ground in lemons up to approximately 400 acres. The land set out is almost in a body. Many of those setting out their land have also built houses and most of the active developers of individual tracts have planted the ground between the rows of trees with vegetables.

BUILDING PERMITS SHOW AN INCREASE

Orange News: Represented exclusively in new residences, the building permits for the month of August amounted to \$3,000, which, though rather lower than the average for the year, is good compared to the same month last year, when the permits totaled \$2,350. The mark for the year's building activities thus far now stands at the excellent mark of \$173,300 as compared with \$124,250 at this date last year.

August permits were as follows:

J. H. Widowsen, S. Grand..... \$ 800

R. A. Hiatt, N. Grand..... 1,500

E. D. Metcalf, W. Palm..... 1,700

Silas Warren, N. Batavia..... 1,200

Rossiter, Hart and Craemer..... 2,000

F. Bebermeyer, W. Palm..... 800

Total ..... \$8,000

EXCAVATION BEGUN

Excavation work was begun yesterday on a new home being built by Contractor E. A. Noy for Attorney Morris A. Cain at 729 South Sycamore street to cost \$1600. The new residence is to be a five-room bungalow.

BIGGEST YEAR CITRUS FRUIT HAS EVER HAD

Over eleven million boxes of citrus fruits have been shipped through the California Fruit Growers' Exchange during the year ending August 31, 1914. This includes 10,156,724 boxes of oranges and 1,105,461 boxes of lemons, which makes a total of 28,193 carloads. The exchange shippers have sold 3.8 per cent more boxes of citrus fruit than in any previous year. It forwarded 61.9 per cent of the citrus fruit shipped from California.

**Money Received**

The money returned to California amounts to \$19,246,757. This makes a general average of \$1.71 per box for every box shipped. The delivered value of the exchange fruit is \$29,434,402.40. In one year only, 1910-11, has the amount of money returned been exceeded.

**Cost to Shipper**

The operating cost to the shipper, including the salaries and entire expense of the seventy selling agencies, the maintenance and expense of the general office in Los Angeles, including the general manager's and assistant manager's offices, the sales, traffic and legal departments, the cost of the daily telegraphic market news service, and all other operating departments, the exchange share of the expense of the citrus protective league and all other expenses, is approximately 4 1/2 cents per packed box. This selling cost represents 1 3/5 per cent of the gross sales.

WHOLESALE GROCERY MAKES IMPROVEMENTS

The Santa Ana Wholesale Grocery Company is making a number of alterations and improvements in their building which when completed will add greatly to the convenience of their offices and stockroom and will facilitate the handling of their growing business.

A partition has been built in the business office and a stairway leading from the office to the cigar and tobacco stockroom will be put in. Then there is to be a partition in the basement and other alterations all with the view to handling goods more expeditiously. John Taylor, the contractor, is doing the work.

PLAN SWISS CHALET FOR LAGUNA BEACH

Plans have been prepared by Architects Elwing & Tedford of this city for a beautiful two-story Swiss chalet for Elmer E. Jahraus, a prominent real estate dealer of Laguna Beach. The residence is to cost \$2000.

As is the case with all modern beach residences, the Jahraus' home will have a comfortable, well-lighted and artistic living room extending across the front of the chalet. A large brick fireplace is one of the many features which will aid greatly in creating an atmosphere of restfulness. In this room there will also be built-in bookcases.

A large porch and terrace have been provided for. A splendid room, a breakfast room and three upstairs bedrooms with linen closets are other features which will make the new Jahraus residence one of the most attractive in Laguna.

TRADE MADE FOR 20-ACRE RANCH

Fullerton Tribune: The sale of the W. O. F. Schwenkert twenty-acre ranch located on West street, Anaheim, to L. B. Easton of Pasadena, is reported. Mr. Schwenkert received part cash and a residence property each in Los Angeles and Pasadena, total value of properties exchanged being \$52,000. Mr. Schwenkert will make Pasadena his home, after a residence in Anaheim of over twenty years, and Mr. Easton locates on the ranch in Anaheim. The sale was made by Williams Bros.

Santa Ana Painless Dentists. 102 1/2 East Fourth St. Main 253.

SOON TO START SHIPMENT OF TOMATOES

Outlook for Big Crop in Northern Part of County Very Favorable

Fullerton Tribune: The California Vegetable Union will begin shipping tomatoes from this district about September 15. The crop in the north of the county looks well.

Manager Meyers estimates the acreage in the Fullerton-Pasadena section at 550 and Anaheim also has about 250 acres. Nearly all the crop will go to the eastern centers.

It is too early to state what the market price will be, but it is believed the growers will get good money this year for the entire output.

NEW BRICK STORE ROOM ON E. 4TH

Building will soon begin on a brick store room at 406 East Fourth street to provide a home for a fruit store at that location. The building, which will be 18 by 60 feet in size, will be erected by Contractor N. L. Galbraith for S. H. Finley, who recently built the small brick block now occupied by Brown's clothing store. The new building will adjoin the present block on the west. It will have a plastered interior and a steel ceiling.

NEW ANAHEIM BLOCK READY SEPTEMBER 1

Anaheim Gazette: The Spoerl & Muckenthaler block will be completed by the first of the month. The Southern Counties Gas Company will move into one of the rooms and Mr. Muckenthaler may possibly occupy another with a bakery. The building is a credit to the town and a big improvement for East Center street.

SHIPMENTS BETTER THAN IN LAST YEAR

\* L. B. Valla, commercial agent of the Southern Pacific in Orange county, Whittier and some of the beach resorts, says that freight and passenger business all over his district has been much better the past year than it was for the year ending June 30, 1913. He also says it is better all over Orange county than it was a year ago.

**LOS ANGELES PRODUCE MARKET**  
The price of lamb and mutton dropped 1 cent yesterday on account of heavier local arrivals of these kinds of live stock. High prices have caused farmers to ship in heavily, and with a small demand during this late summer time, the quotations were lowered. Other meat prices were steady.

The quotations on hay advanced slightly, alfalfa being quoted as high as \$11 a ton. Conditions in the hay market have been getting better and flood of the surplus which has been flooding the market and causing the lowest quotations in years has been taken up. Possibility of shipping to the East because of shipments from there to European countries is one of the causes for the present strengthening.

The quince market is a little overcrowded. Receipts from the North still continue heavy. Yesterday 2528 boxes were reported in. Apple arrivals were also heavy. Grape receipts were 1979 boxes.

The egg market was down 1 cent on local stock.

**Ranchers, Dairymen, Fruit Growers and Investors**

Are you looking for the following conditions? Abundant water, and domestic water, when and as you want it, at very low cost (38c per acre for six acre feet); richest loamy, easily tilled soil, containing abundant lime and phosphates, producing enormous crops of alfalfa, grains, fruits and vegetables. Level lands, but with sufficient grade to irrigate easily, that can be cleared and prepared for crops at small cost. Ideal conditions for live stock and poultry. Good markets and railroad transportation. Finest of health conditions, in pure, bracing air, in one of the finest climates in California. Good neighbors, schools and churches and solid banking facilities. The best proposition in the state at reasonable prices and on easy terms. If the above is what you really want, we can furnish it to you, and more too. For full information and printed matter, call on or address G. M. REA, 630 H. W. Hellman Bldg., Fourth and Spring Sts., Los Angeles, Calif. A1864 or Main 5161.

## NOTICE INVITING BIDS

Santa Ana, Cal., Sept. 2, 1914.

In pursuance of a resolution of the Board of Supervisors of the County of Orange, Cal., adopted September 2, 1914, directing this notice, notice is hereby given that the said Board will receive at its offices at the Court House at Santa Ana, at or before the hour of two o'clock p. m., of September 15, 1914, sealed bids or proposals for surfacing Sievers Canyon County Road with clay and gravel.

Bids must be made on or before the day of the date of the opening of the bids for the purpose, addressed to the Board of Supervisors, Orange County, Cal., and marked "Bid for Sievers Canyon County Road."

The bid must further conform to the requirements of the "Instructions to Bidders" on file in said office.

The said work must be done in strict conformity with plans and specifications therefor, which said plans and specifications were adopted by the Board of Supervisors of said County on September 2, 1914, and are on file in the office of said Board.

Each bidder must submit with his proposal a satisfactory check certified by a responsible bank and payable to the order of the County of Orange, for an amount not less than ten (10) per cent of the aggregate sum of the bid, as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him.

The amount of the bond to be given to secure a faithful performance of the contract for said work shall be in the sum of fifty per cent of the contract price for the work, and shall be given to secure the payment of claims for any material or supplies furnished for the performance of the work contracted for, for an amount not less than ten (10) per cent of the aggregate sum of the bid, as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him.

The Board of Supervisors reserves the right to reject any and all bids.

By order of the Board of Supervisors of the County of Orange, State of California.

W. B. WILLIAMS, County Clerk.

## NOTICE INVITING BIDS

Santa Ana, Cal., Sept. 2, 1914.

In pursuance of a resolution of the Board of Supervisors of the County of Orange, Cal., adopted September 2, 1914, directing this notice, notice is hereby given that the said Board will receive at its offices at the Court House at Santa Ana, at or before the hour of two o'clock p. m., of September 15, 1914, sealed bids or proposals for construction of a road, to be known as the "San Juan Creek Bridge," across San Juan Creek, on line of State Highway three-quarters mile south of San Juan Creek, and extending from the line of said highway to the line of the proposed bridge.

Bids must be made on or before the day of the date of the opening of the bids for the purpose, addressed to the Board of Supervisors, Orange County, Cal., and marked "Bid for San Juan Creek Bridge."

The bid must further conform to the requirements of the "Instructions to Bidders" on file in said office.

The said work must be done in strict conformity with plans and specifications therefor, which said plans and specifications were adopted by the Board of Supervisors of said County on September 2, 1914, and are on file in the office of said Board.
